PROLOGUE

"Hail, Alma Mater"—Each time we sing these words, a sense of pride wells up in us, for this is our school, the seat of our loyalty, the source of our fond memories.

We are tomorrow's leaders soon to take up the task of building a better world. In preparation for the future, Albany High has enriched our minds academically and developed our responsibilities socially. Through a wealth of common experiences, she has unified each student, however different in background. By her tremendous vitality and spirit, she has endowed us with a sense of responsibility, loyalty and appreciation for all that is good and beautiful in this world.

The purpose of this edition of the GARNET AND GRAY is to capture and preserve the spirit of Albany High School as a record of our youthful ability to accept new ideas, to uphold tolerance and justice, to strengthen high principles, and to love our fellowmen.

DEDICATION

MISS AGNES DENNIN

Joyce, I hope that you will find the place in the world to prove your talents and your good will.

With encouragement and tactful criticism, you have endeavored to teach us the necessary art of effective writing. With willingness and enthusiasm, you have shared with us your wide knowledge of drama and literature. Moreover, by your graciousness and pleasant manner of speaking, you have shown the students at Albany High School the beauty of refinement. In many ways you have helped prepare your pupils to accept the challenge of the future with increased capability and assurance. For this we are grateful, and as an acknowledgment of our appreciation, we the Senior Class of 1963, consider it a great honor to dedicate this edition of the GARNET AND GRAY to Miss Agnes Dennin.

My best wishes!
Agnes Dennin

MR. LINCOLN
Principal

*Best wishes to Joyce
Douglas H. Lincoln*

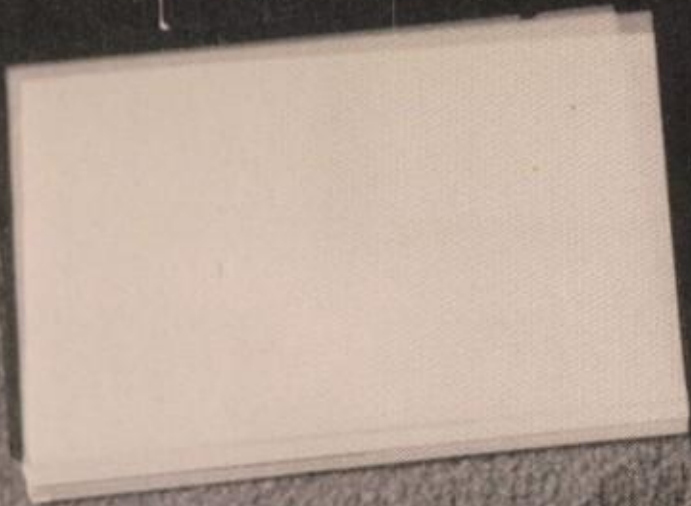

MR. LINCOLN, as the efficient administrator of the Albany High School, helps us to acquire sound learning, to develop inquiring minds, and to respect each other's principles and actions. Because of his excellent ability, we, the students of AHS, will be better future citizens.

MR. FORD
Vice-Principal

Donald P Ford

MR. FORD, the vice-principle, is in charge of the individual student records, and schedules. By his work, he instills in us a core of knowledge and understanding, a degree of social maturity, and a set of moral and ethical values that will serve as a foundation for our future.

CLASS OFFICERS

Each year we are faced with many decisions. This the year of our graduation, will find us confronted with choices which may well have a determining influence upon our lives. After graduation, we will be dispersed in a variety of pursuits, some in college, striving for a profession, and others thrust abruptly into commerce and industry. The three years we have spent at Albany High School have brought us maturity and insight needed to make these decisions.

We have been offered courses to prepare us for whatever we chose to undertake, and we have been invaluablely aided by our teachers. We have gained the friendship of each other. We have discovered loyalty to our friends, our class and our school. We have gained confidence through our successes and wisdom by our failures.

Commencement will bring momentary sadness because of the thought that each will go his separate way. In the future, however, we will look back with pride and confidence in the knowledge that Albany High School, both as an educational and social institution, has prepared us to proceed in life as we must.

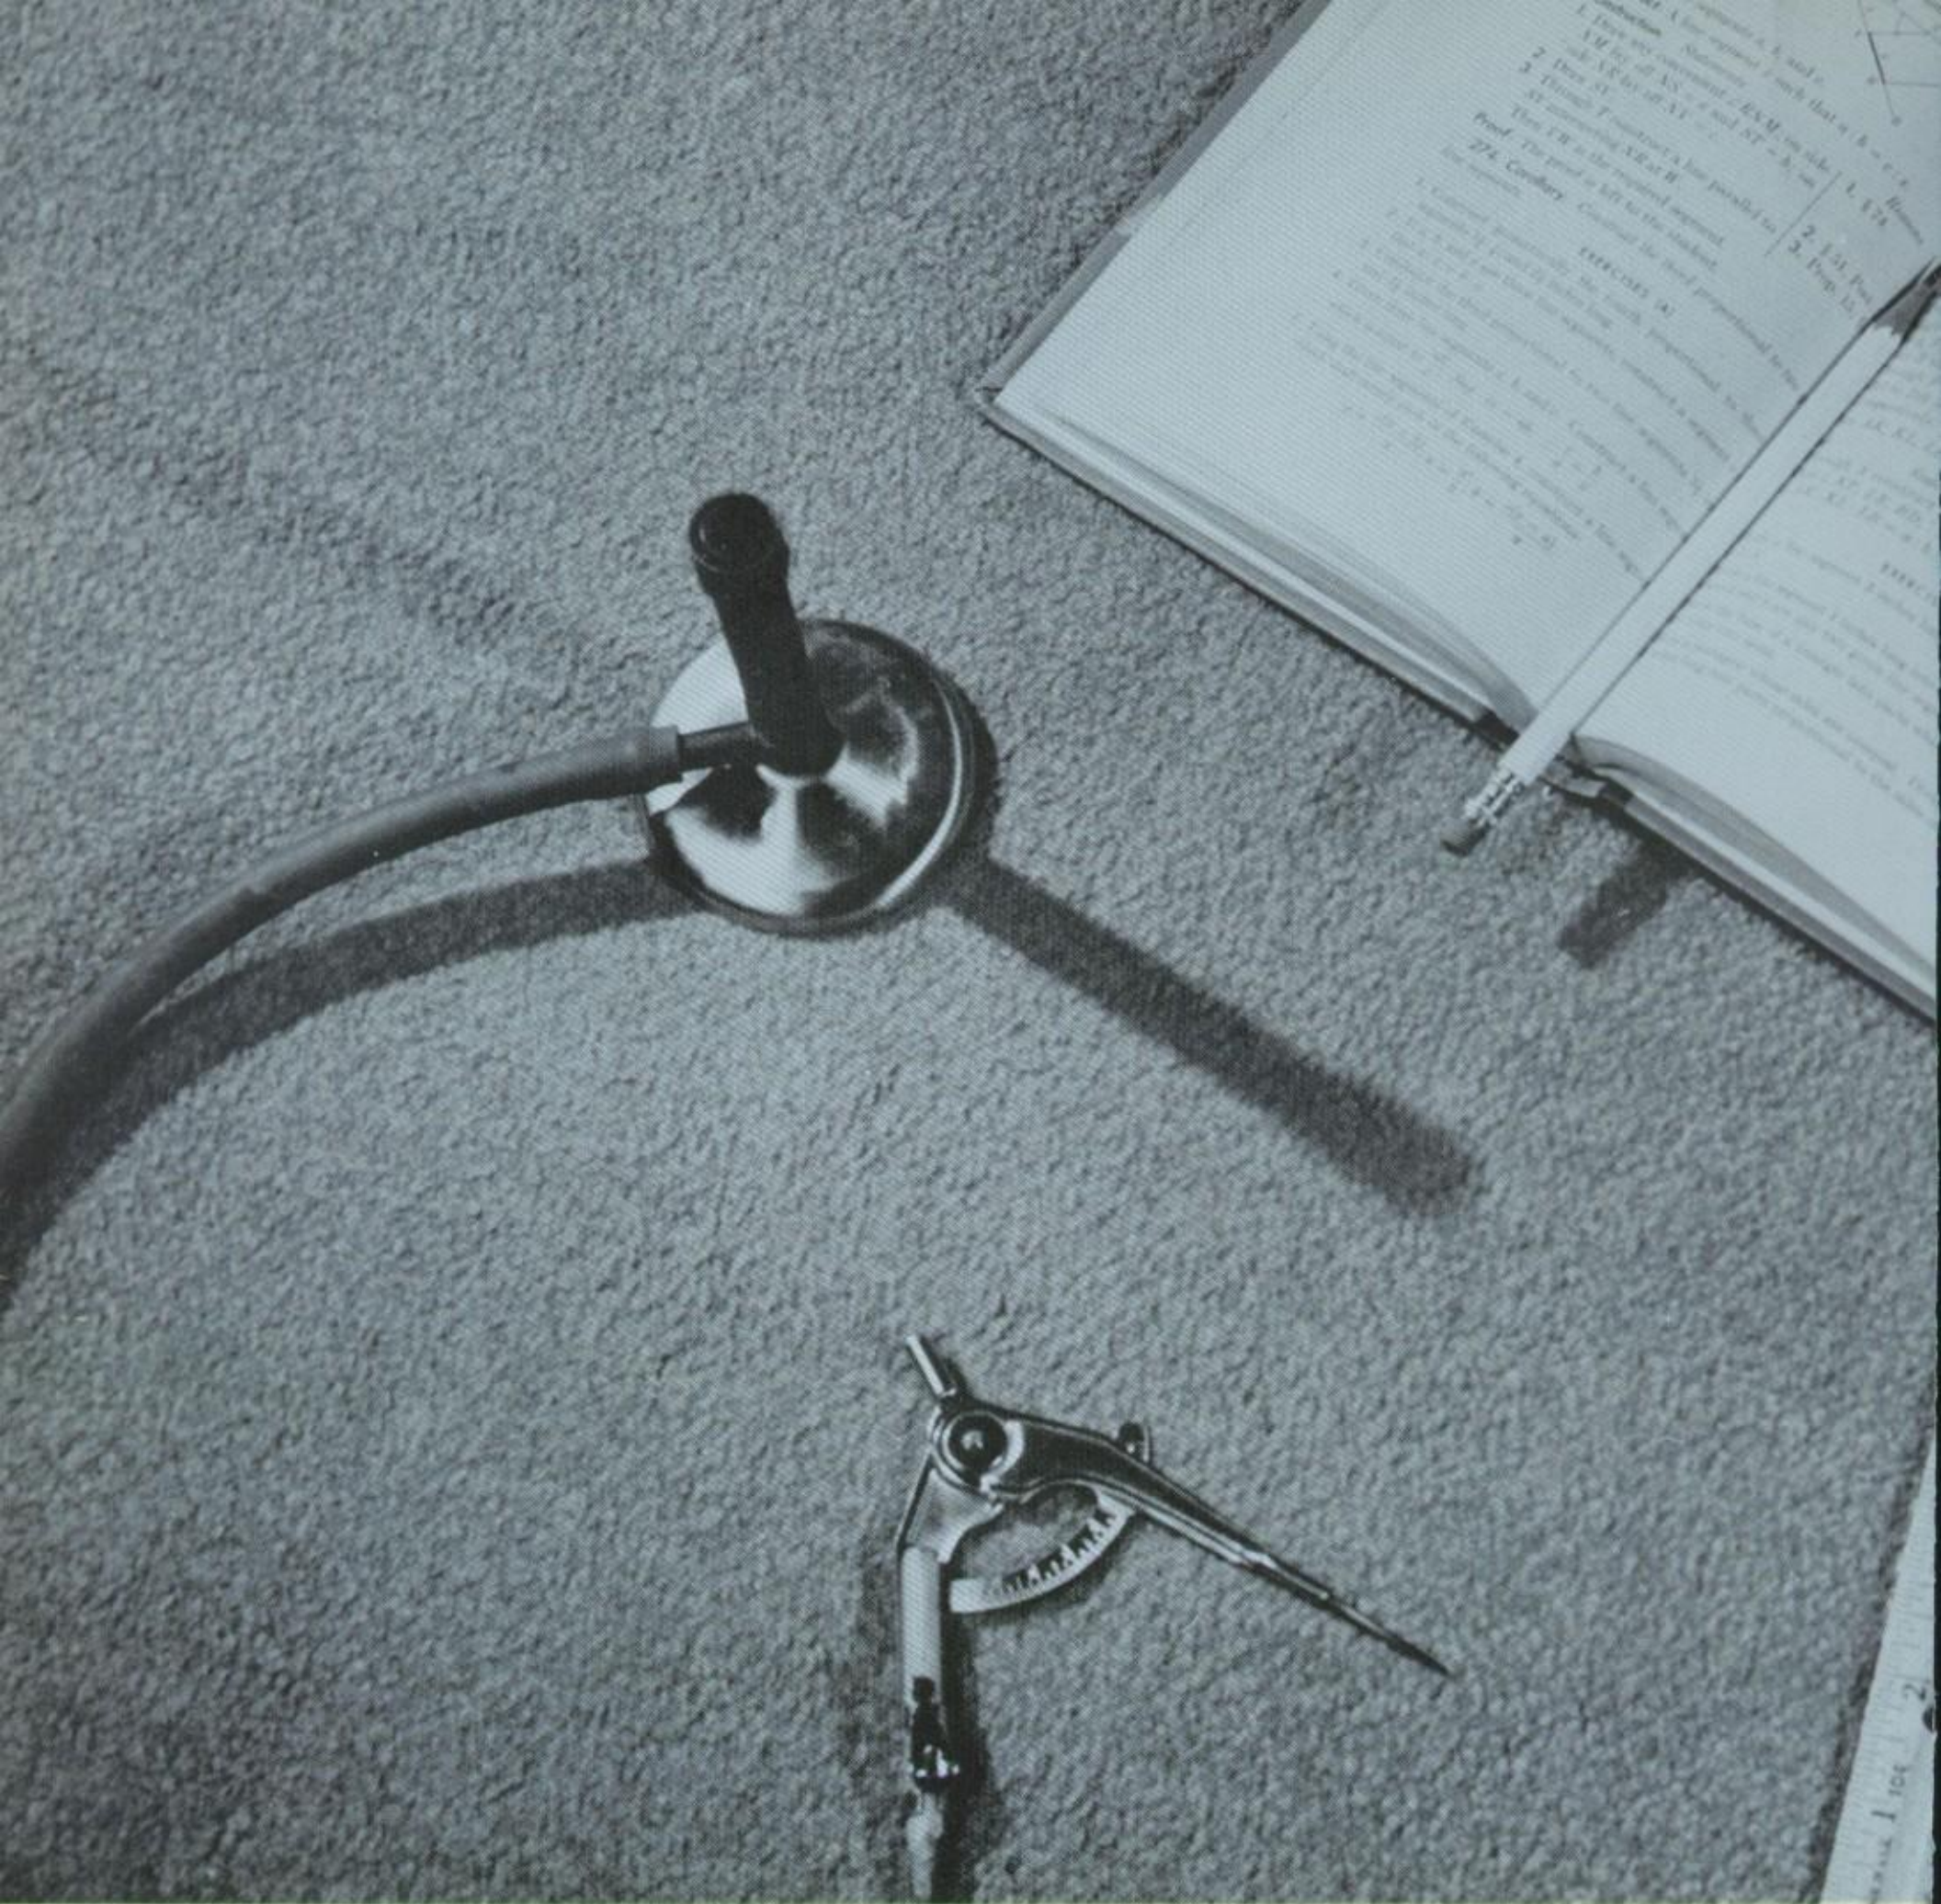

It will do us ill if we ever forget what we have derived from Albany High School or ever let the phrase, "Hail Alma Mater" die in our hearts and minds.

President, Class of 1963

CLASS POEM

By Louise Myers

High school years—
The best years, the hardest years;
The spirit of youth
Striving, dreaming, learning.
Challenge and joy,
Defeat and victory,
All a part of us.
We are as one,
A class, a union,
Tasting of life together
As friends, as sharers
Of the sharp-edged newness
Of each young day.
Living, reliving
Passing moments that
Now are mutual memories.
Let us remember
As we travel over
Separate paths and by-ways
This our common loyalty.
Let us greet the fate-hewn future
With youthful spirit,
Renewed by memories
Of high schools years—
The best years, the hardest years

Loyal and true . . .

MATH 12 L

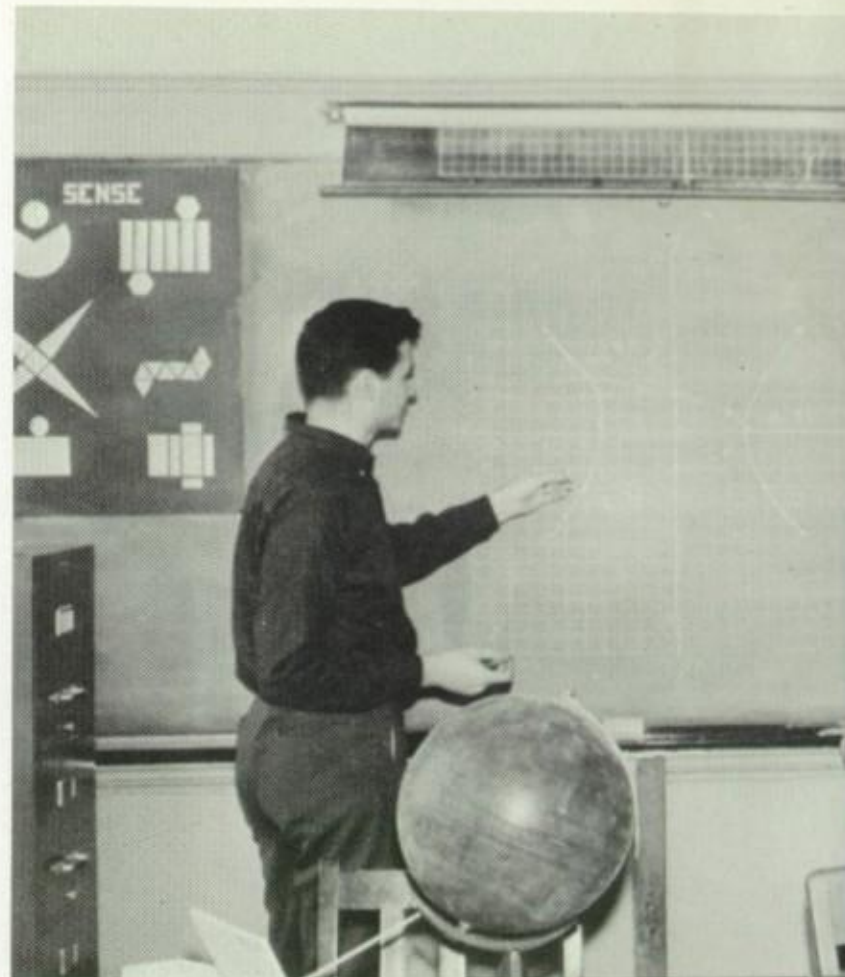

To those especially talented seniors who wish to explore mathematics in depth, Albany High School is offering Math 12L. This course is designed to introduce the student to the theories of and abstract thinking in mathematics, as well as to logic, number systems, analytic geometry, calculus, and statistics and probability.

The small but sincere class is under the guidance of Miss Disney. We hope that this subject is only the beginning of advanced courses to be available to the pupils in the near future.

NO, no! The work is over here, not up front", moans Miss Dennin. But then again, who wants the back of his head in a yearbook picture.

The Latin IV enthusiasts concern themselves with both Roman and Greek cultures and philosophies of life.

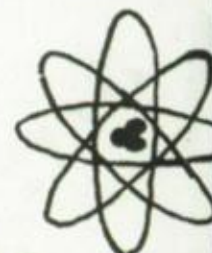

A sudden understanding of a Math 12L problem by one student can be of benefit to others.

COMPOSITION

In this new course for the seniors, just introduced this year, technical writing perfection is expected beforehand, so that the pupil and teacher are free to concentrate on the improvement of style. A college textbook is used as a basic reference for the extensive writing work and the teacher's lectures help the student to understand what was read. Though composition is the main subject of this course, English literature is not neglected; Hardy, Addison and Steele and Galsworthy are representative of the authors dealt with.

LATIN IV

"Arma virumque cano, Troiae quae primus ab oris..." This opening line to the Aeneid is known to every student of Vergil. For the first time in many years, the lovers of Latin at Albany High are enjoying the writings of this famous author. The cadence, beauty, and message of his poetry are offered through the new Latin IV course. Now, those who desire to continue the study of this far-from-dead language in college, do not have to miss a year by terminating with the prose of Cicero.

NEW SUBJECTS

Mrs. Dodt assigns parts for a play in English class.

Oral work is still an important aspect of English.

ENGLISH

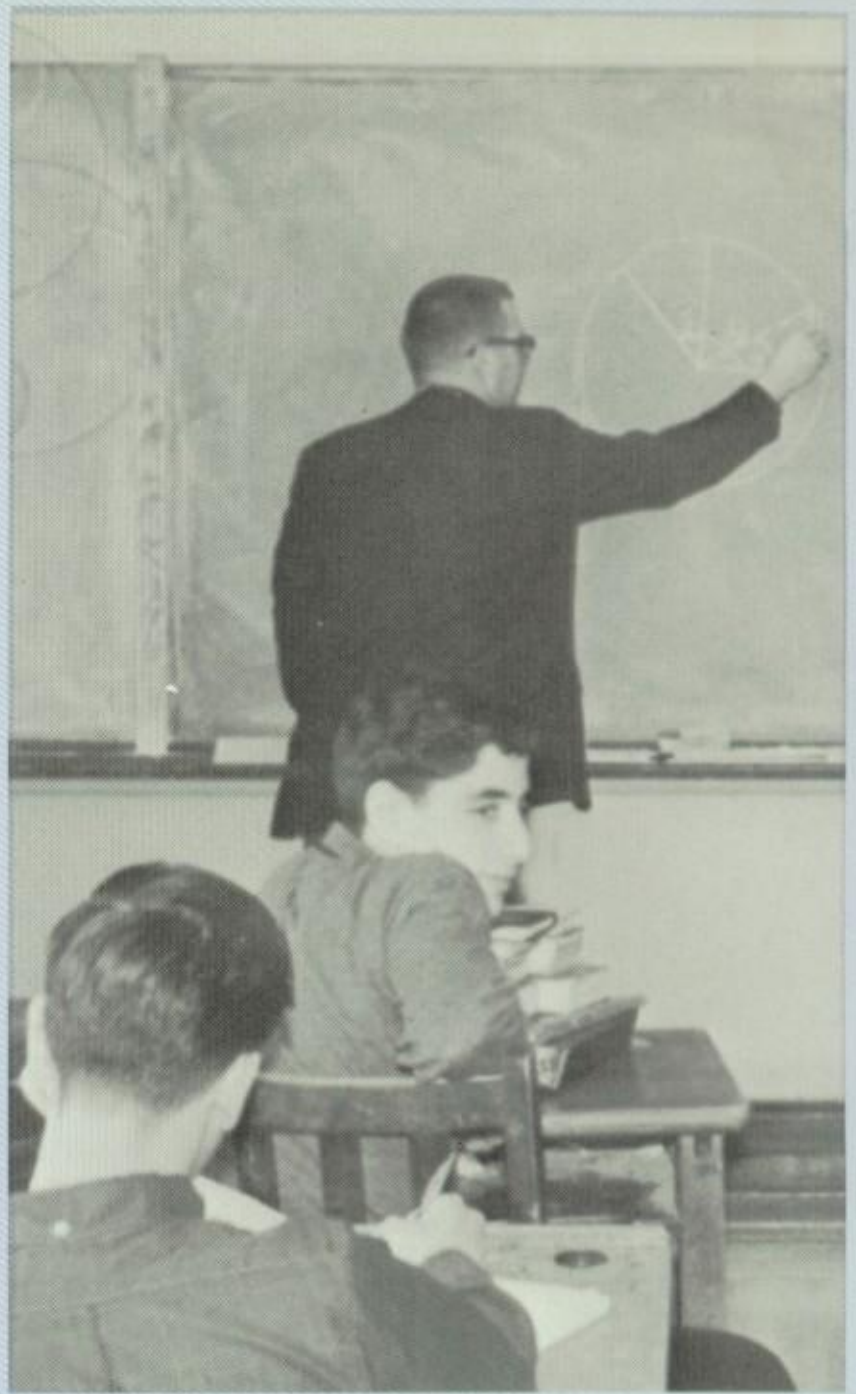

Our English department tries to help the pupil acquire the thorough command of the language so necessary for effective communication. In these classes, the young person discovers the library and the use of reference books; he meets the great American and English authors and learns to discuss their works objectively; and finally, after grammar drill and pointed criticism of his papers, he begins to write clearly and concisely.

ENGLISH

MATHEMATICS

The ultimate goal of the mathematics department is to present to its pupils a definite knowledge and clear understanding of the use of numbers and mathematical symbols in everyday life. It is attained through plane geometry, intermediate algebra and trigonometry, and senior math, composed of advanced algebra and solid geometry. Each, whether by postulates and theorems, or parabolas and sine curves offers a challenge which, when met, gives one an unequalled sense of accomplishment.

The fundamentals of intermediate algebra and trigonometry are explained visibly to a Math 11 group.

Teachers do not *always* maintain a severe air. Mrs. Levine's geometry class seems to be enjoying something. Math?

MATHEMATICS

Mr. Stockbauer gets down to the bare facts of what makes the biological "us" tick.

SCIENCE

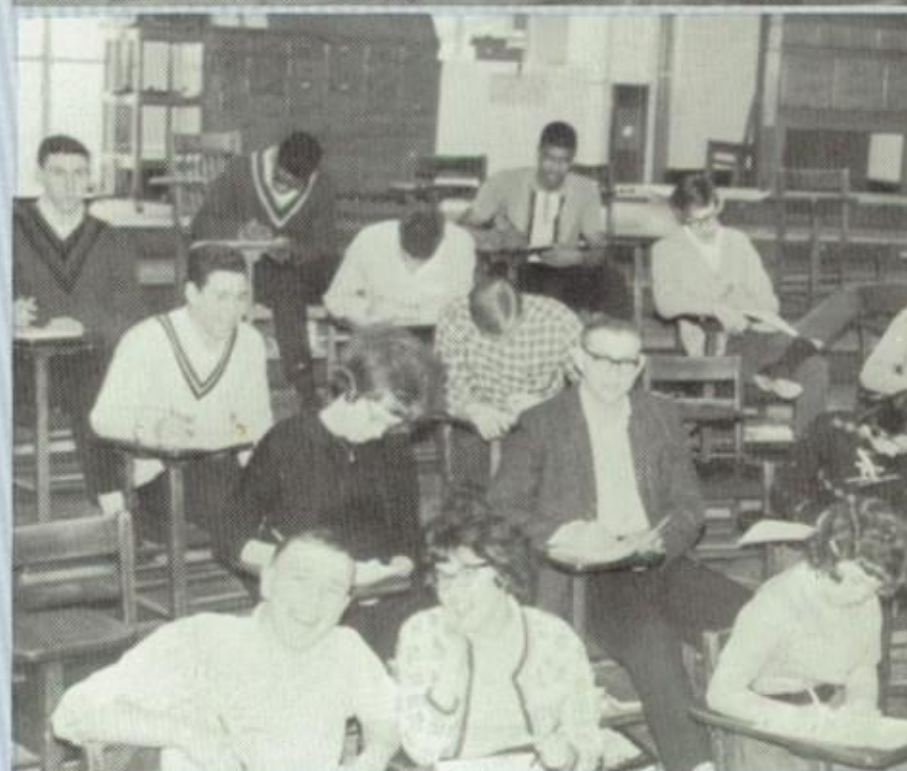

In some ways, experimentation for oneself is more enlightening than lectures, as demonstrated by these physics pupils.

SCIENCE

"Revamp" seemed to be the key word in the area of science at the high school this year. New teachers assumed positions in the biology classes. Some of the other instructors added another course to their daily schedules. Mr. Hellman became supervisor of the whole department. Juniors joined the seniors in the chemistry classes and thus, for the first time, gave to that field the largest enrollment of all the sciences.

Interest has increased too. The Science Society took in more members, each of whom makes it a hobby "to learn the nature of things."

This chemistry class—or at least part of it—struggles with a test. But tell us Don and Ellen, is it really that much fun?

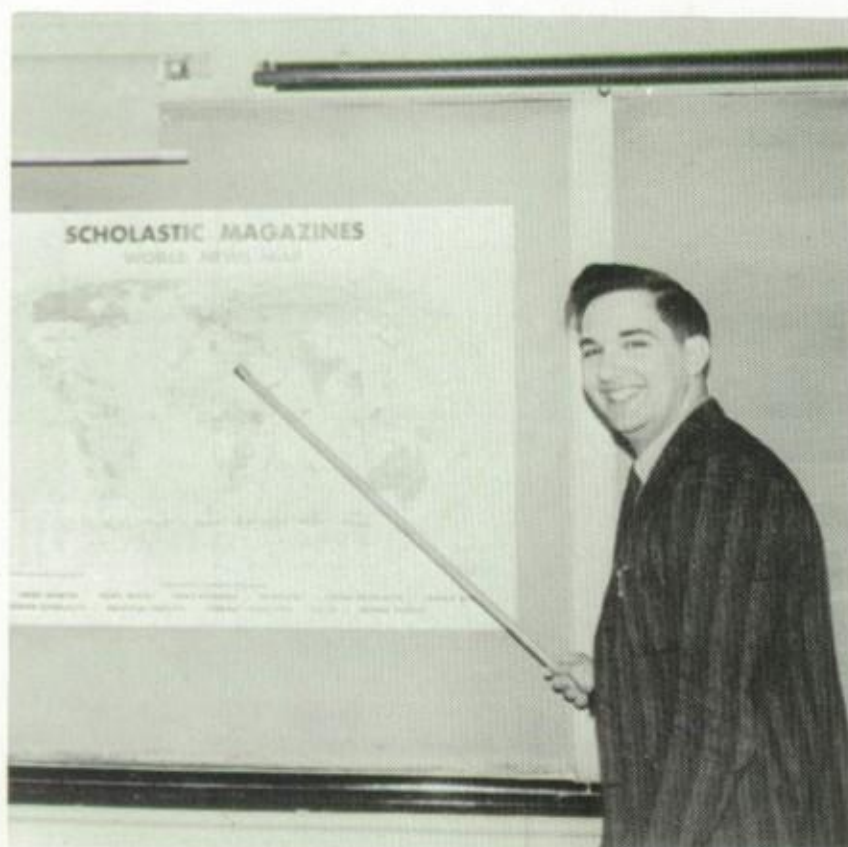

H I S T O R Y

It's a fact. One out of four will hold the pose and not smile at the camera. One out of four will learn his world history.

American History is not all Past. The U.S. in its relationship to current events is important.

The focus of our citizenship education program is upon American history, with world history as a background. In addition, elective courses in government and sociology are open to seniors.

Through all of these courses, the students acquire the skills necessary for intelligent citizenship: effective study habits, evaluation of information, and the clear thinking needed for communication. After learning the lessons of the past and absorbing its moral, spiritual, and cultural values, pupils find that their whole outlook has broadened. Consequently, they can appreciate more fully the worth of the American way of life.

Through intensive training in reading, writing and conversation, this department tries to help the student attain a competent knowledge of a foreign tongue. Language laboratory, extra reading, book reports, and two fourth year language classes in French and Latin all contribute to reaching this goal. In our modern world, with its emphasis on understanding other peoples, the ability to communicate effectively is a prerequisite for any vocation in the field of foreign service. Albany High meets the challenge by offering to the budding multilingualist a choice of five languages, including Hebrew.

"Como esta?" Miss Baker, "Estan muy bien?"
"Si!" says George.

L A N G U A G E S

To learn about cultures different from ours is vital in viewing nations in true perspective.

These pupils are learning the rudiments of bookkeeping.

Shorthand is a necessity for prospective secretaries.

Mr. Vesneske aids some students in methods of retailing.

BUSINESS

The students of the business courses continued to manage successfully the school store, which once again proved to be a tremendous asset to A.H.S. This is truly a unique way of educating these future accountants, bookkeepers, and secretaries.

In the coming years, the high school hopes to install new machines which would present a different type of challenge to the pupils.

Art is a form of self-expression. Sometimes it is made apparent by pencil sketchings or paintings in water color.

Individual vocal instruction offered by means of weekly technique classes.

The musical interests and talent of A.H.S. young people is displayed in the band.

THE ARTS

Our music department is divided into three sections, orchestra, band, and chorus. Each stresses the reading and appreciation of music as well as the playing or the singing of it.

Beginning with the basics of design, balance, and color, and ending with advanced training in commercial art, the AHS art courses increase in difficulty and demand more of their students with each succeeding class. Besides preparing the specially talented person for a future career, they aid the others in gaining an appreciation of good artwork and an ability in painting and drawing. During the Christmas and Easter seasons, paintings by these pupils brighten up the halls and amaze us with their excellence.

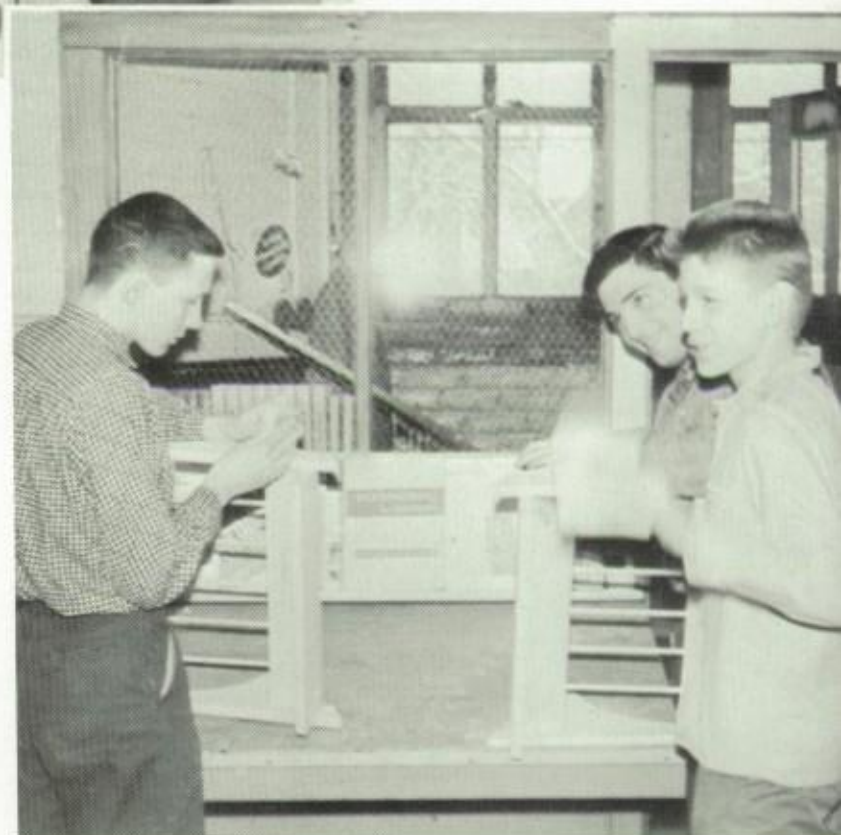

V O C A T I O N S

One of the most important vocations is that of being a homemaker. These two girls are employing their skills in the clothing department.

A student of mechanical drawing receives guidance from his mentor.

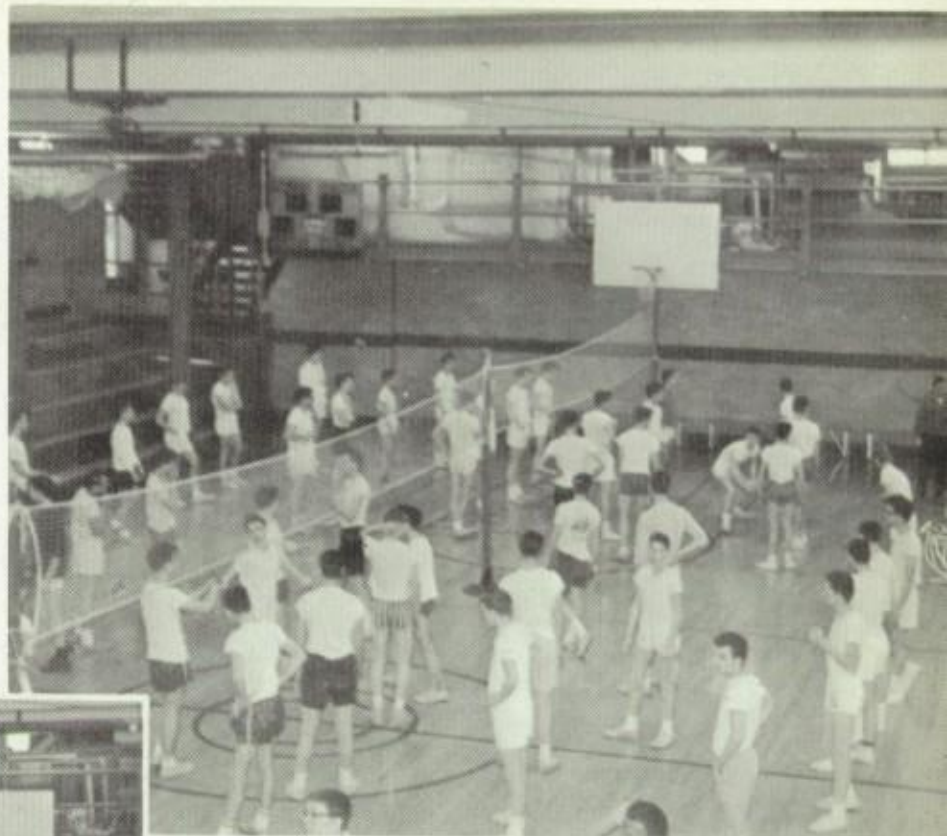

The boys of the shop classes exhibit extreme care when they undertake a project which will be of practical use.

A home maker is one who cares for the home with love and deep understanding of the family relationships. This is the precept which governs the teaching of courses in nutrition, cooking, household financing, decorating, and child care at AHS.

The boys also receive training, for possible future employment. Mechanical drawing and shop provide them with the background for a number of positions, such as draftsman, architect, and designer.

PHYSICAL FITNESS

One may never get to hit the volleyball, but at least one gets to meet people—sometimes head-on!

Dieting has nothing over jumping-jacks for keeping slim, Right, girls?

Miss Rapp returns homework papers to the members of her health class.

It is essential that all students learn to attain and appreciate a high level of physical development so that fundamental skills of sports and other activities are engaged in with confidence and pleasure. It is also necessary that each young person acquire desirable health attitudes and behavior.

We feel that Albany High's offerings in these areas are outstanding indeed.

VARSITY FOOTBALL

This season the Albany High Rangers turned in a deceiving record of 4-3-1. The games were fought hard and the boys had plenty of support from the stands.

The opening game was against favored V.I., but with halfback Charlie Leigh's touchdown and the all important point after touchdown by Ed Lewis we edged the Lions 7-6. Defensive hero of the contest was Lonnie Maybin who stopped V.I.'s extra point attempt on the goal line.

By tying power-house Kingston 14-14 we proved our opening victory was no fluke. Sophomore Leign scored both T.D.'s.

Things started to look good and championship was on our minds after the Rangers polished off Troy 20-6. Maybin scored on a 25 yard sweep and Dave Schraver and Bob Stallon provided the other two 6 pointers.

Our hopes for an undefeated season were ended when Amsterdam slipped by us 13-14. We thought the game was ours after Ed Lewis returned a kick-off 85 yards to paydirt. We failed, however, to come up with the conversion which cost us the game.

Next, Linton handed us a surprising 0-46 defeat and the week after that Schyler, our traditional rival, pulled a 6-7 upset in spite of the fine work of Dave Schraver.

Victory was Albany's again when on Election Day Ed Lewis was voted outstanding player of the game as we handed C.B.A. a 29-7 defeat. In the first quarter Lewis scored on an 80 yard run and then in the second quarter the crowd was on its feet again as he romped 92 yards to score. Late in the third quarter lineman Dick Gresson surprised everyone when he stole the ball and trotted over the goal line for 6 points. All-Albany quarterback, Dave Schraver, demonstrated his passing skill, throwing the only T.D. pass of the season 30 yards down the middle to Leigh to account for the final score.

It was the Rangers turn for upset as we beat Class A Champions, 20-19 in our final game. Ira Shahinian Ed Lewis, and Charlie Leigh all contributed to our score.

The Rangers were marred by injuries this year, but nevertheless they gave us a fine performance which the Class of '63 will remember with pride for many years.

J. V. FOOTBALL

Although the J. V. football team could only compile a 1-7 season record the boys gained a great deal of valuable experience. The team defeated Schuyler and lost to Mount Pleasant, Linton, Troy, Albany Academy, Shaker, B.C.H.S., and C.B.A. in well fought

games. The outstanding players on defense and offense were Jake Perlmutter, Richard Savage, Sal Villa, Mike Welch, Wayne Stark, and Ed O'Connell. We will look forward to seeing these boys hit pay-dirt for the varsity next year.

GOLF

Albany High's golf team finds itself with a new coach this year, Ralph Sausville. He expects a fine season with help from veterans Howard Shulman, and Harold Menchel. The boys practice on Albany's Municipal Golf Course links and have matches with such teams as Amsterdam, Linton, C.B.A., Vincentian Institute and Mount Pleasant.

Once again the A.H.S. soccer team fought hard, but with bad luck, turned a final record of 1-6. At our first game we fell to Cohoes 9-2, following that Colonie beat us 12-4 and 6-0. Once again we tried our luck at Cohoes and once again were vanquished 8-1. Our next game with Mohanasen, county champion, was the best played game of the season, but we still lost 8-4. In our final game however we tasted

victory by defeating Shaker 4-2. Vaha Shahinian and Captain Pete Demarco turned in outstanding performances. Goalie "Scoop" Watkins also played well this season.

Coach Restifo looks forward to next year in which we enter the Tri-City Soccer League and he counts on returning Joe Brown, James Gerling, and Mike Demarco's help.

VARSITY BASKETBALL

This was a year of new faces for the A.H.S. basketball team. Our new coach, Frank Restifo, worked hard with the boys and turned in an 8-10 record for the season.

Our first victory was over Mohanasen, 52-48, and showed us signs of sharp Garnet team, headed by a 20 point effort by Charles "Tinker" Leigh. The game-tested experience of Vincentian enabled them to take a 58-42 victory over us. At the McClosky Tournament, the Rangers split, beating Cohoes 57-34, but losing to St. Josephs of Pittsfield 50-56.

The boys looked good and played well, despite a 58-44 loss to Amsterdam. We followed by losing two "squeakers" to Mount Pleasant, 50-49, and then to Troy, 56-54. A near upset was in the making, when against Linton, "Tinker" Leigh scored a half court jump shot with one second left in regular play, tying the score. However, the Blue Devils pulled it out in overtime 71-69.

We rejoined the winners circle by defeating Schuyler 48-43. The Rangers continued by whipping the Brothers of C.B.A., 65-59.

With the taste of victory still fresh, we conquered Bethlehem 74-68. Leading the scoring attack was Mike Bloom with a 24 point effort.

Mighty Amsterdam quelled any chance of an upset by handing us an 88-48 defeat. Undaunted, the Rangers went on to beat Schuyler again 56-50. In a revenge game, the Rangers took the initiative and handed Mount Pleasant a 66-45 beating. The "Garnet Hoopsters" still in an avenging mood, outlasted V.I. as Charles Holmes scored the winning basket in overtime for a 75-74 victory.

The boys from Troy taught us not to "count our chickens", as they made up a twelve point deficit in the last two minutes to win 84-79, despite an output of 31 points by Charlie Holmes. C.B.A. avenged their initial loss by beating us 58-48.

The season came to a dramatic close as A.H.S. met Linton. Despite the highest point effort the Rangers produced this year, the Blue Devils managed to win 95-86.

Amsterdam pays penalty for fouling Barnes.

The young junior varsity basketball team under coach Alex Sekaris finished out with a 4-12 record. However the boys steadily improved throughout the season.

Their first game was a 52-28 loss to Mohanasen.

The next two games were also losses, one to V.I. and the other to Amsterdam. Jim Wormer played heads up ball, scoring 14 and 15 points respectively.

The losing streak was broken as the J.V.'s first beat Mount Pleasant and then Troy High 30-31, in a close exciting game where Tom Jeffries started to "show his stuff."

Linton's J.V. was too much as was Schuyler's, but Willie Bonds still fought hard and was high in both with 13 and 14.

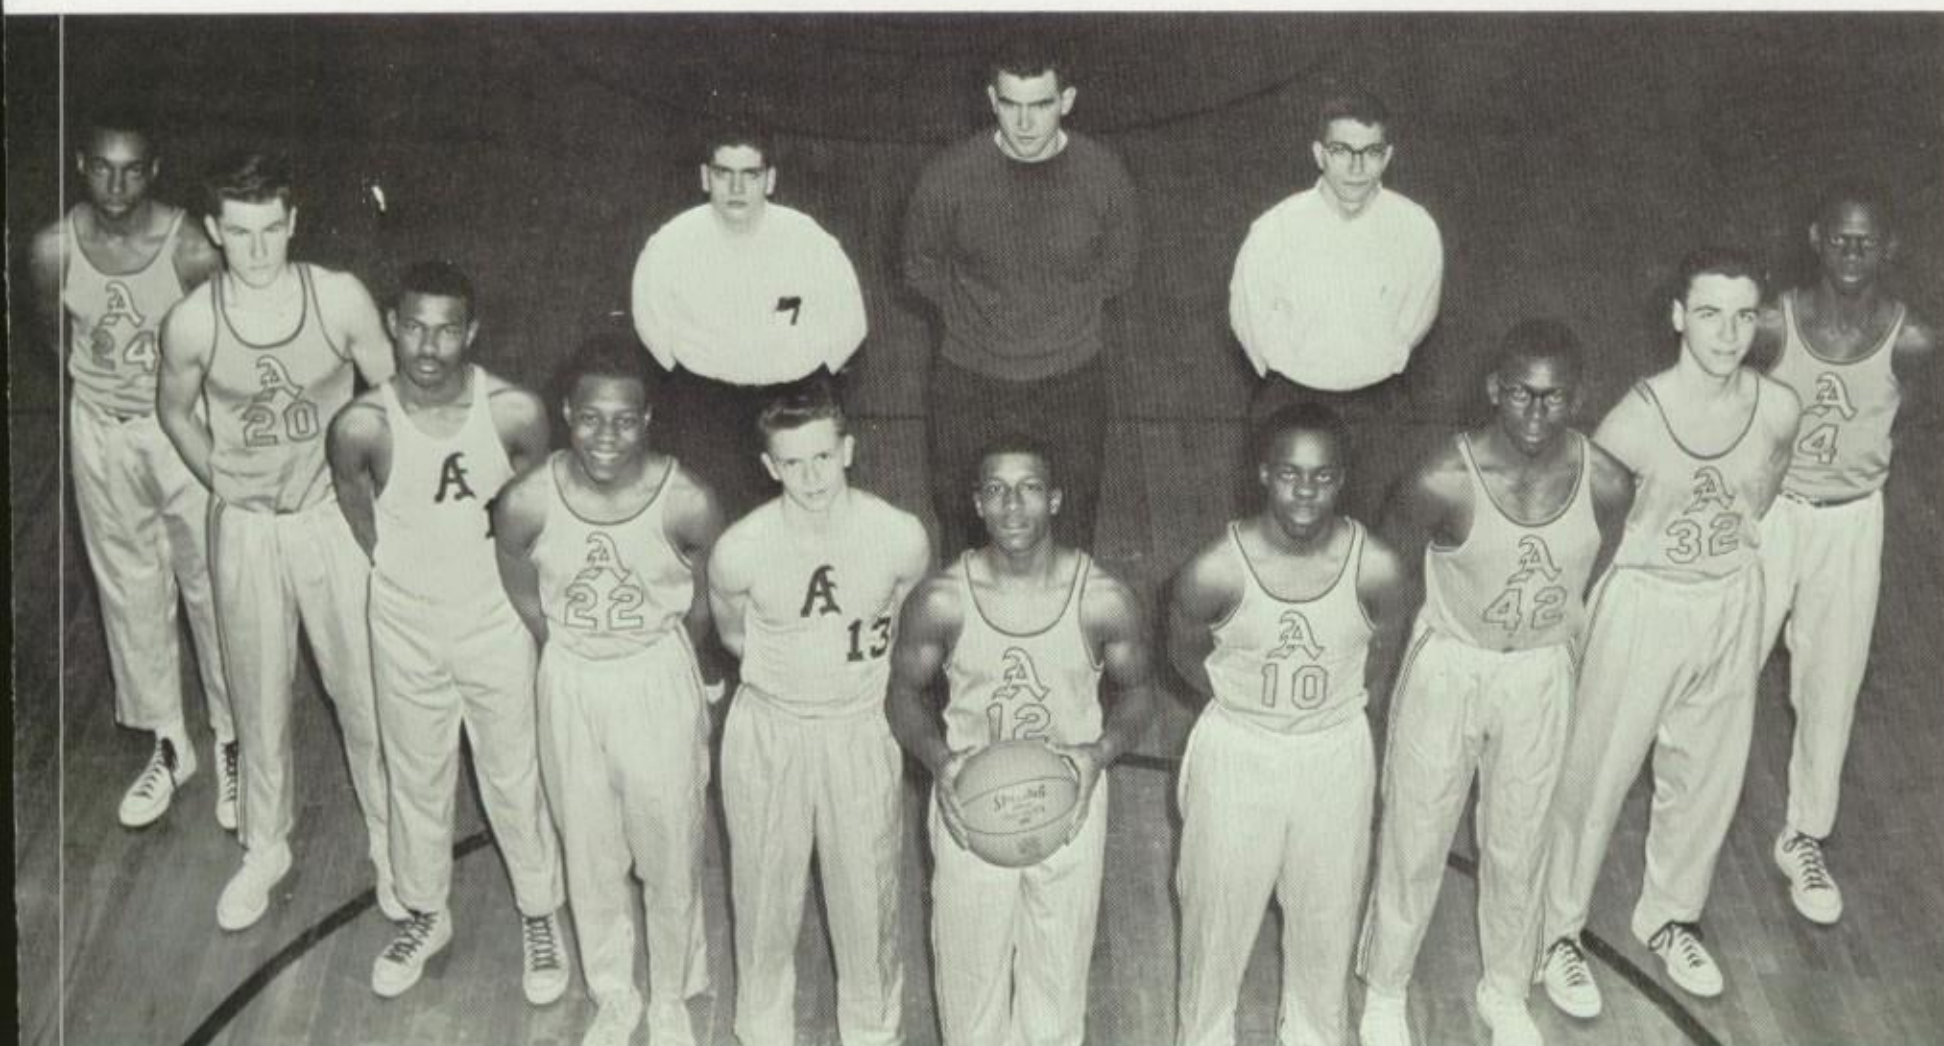

The team fell to C.B.A. 50-44 and then to B.C.H.S. 49-40. But then as we came back to defeat rugged Amsterdam 60-57 the spark was finally lit. Tom Jeffries played a brilliant offensive game and his ball handling came in handy as he scored 25 points.

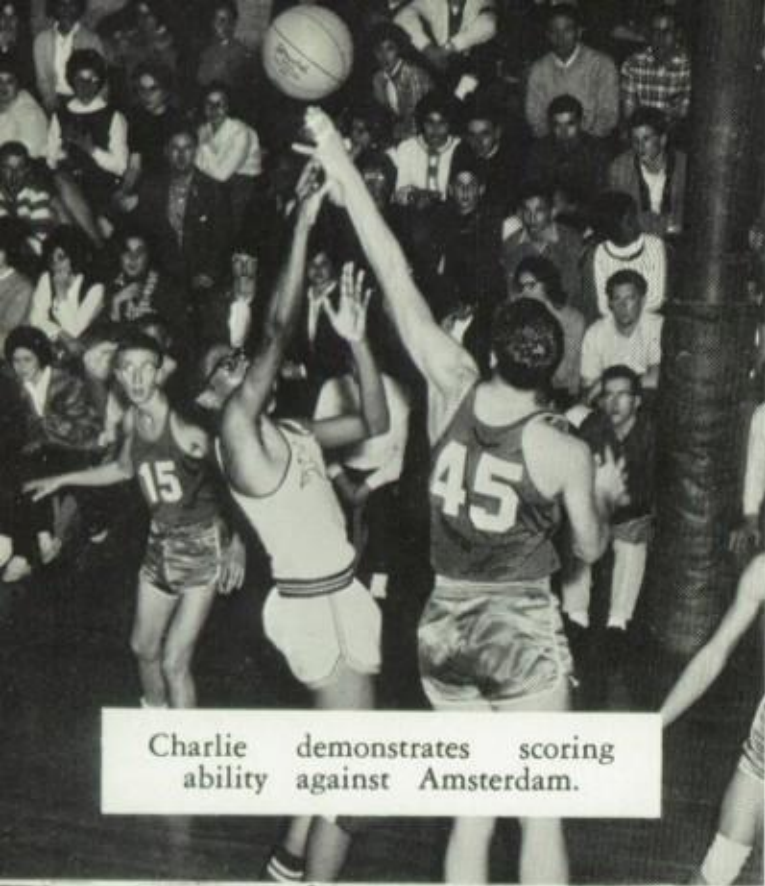

Our luck held out and the following week we defeated Schuyler 51-33. Willie Bonds and Willie Barnes each had 15.

Then our boys lost a close one to V.I. and next to Troy where Lonnie Maybin was good for 19 points and Paul Leary was our defensive star. The season ended with losses to C.B.A. and Troy. Despite the defeats the young J.V.'s gained valuable experience.

BOWLING

Once again the skilled varsity keglers of A.H.S. captured the class A round robin making it 3 years in a row. In the past 3 years out of a possible 36 points we have only lost 2. Each game bowled is worth 1 point to the winner. This year our record, was 2-1. Our match record was 7-1. We beat Class A teams Linton and Amsterdam and had a record of 2-1 against Mount Pleasant. Non-League Colonie also fell. The varsity also rolled in the sectionals and represented the Elks Club in a tournament. Our team ended up with these final averages:

Captain Bob Rifenberg	192
Kevin Smith	194
Dave Smith	193

WRESTLING

The matmen of A.H.S. had a 6-8 record this year, but according to coach Herb Beckett his young team should do much better next year. They started their season off by losing to Guilderland but came bouncing back to beat B.C.H.S. Then Beckett's boys ran into trouble against champion Mount Pleasant. We lost our first match to them but came close to a near upset when Joe Koreman, Sam Brewer and Pete Demarco pinned their men. However, Pleasant took

the rest and won by a few points. With Linton we split a set of two as we did with Shaker, Albany Academy, and Colonie. The boys lost to Scotia but came back to beat Maple Hill. In the sectionals Pete Kolber, new captain, 123 lbs. and Joe Koreman, veteran, co-captain 148 lbs. finished fourth in their respective sections. Dick Dumond, Len Ackerman, and the rest of the boys turned in a fine season.

The mermen of A.H.S. were again hampered by a lack of their own pool, but turned in a fairly good record over the past year. The swimmers were able to outswim New Lebanon and Glens Falls, but were defeated by able Shaker, Troy, B.C.H.S., and Albany Academy. Seniors Joe Leizer, Don Biskin, Mike Pulling, John Titman, and Dave Schraver all put in outstanding performances. Coach Sausville looks

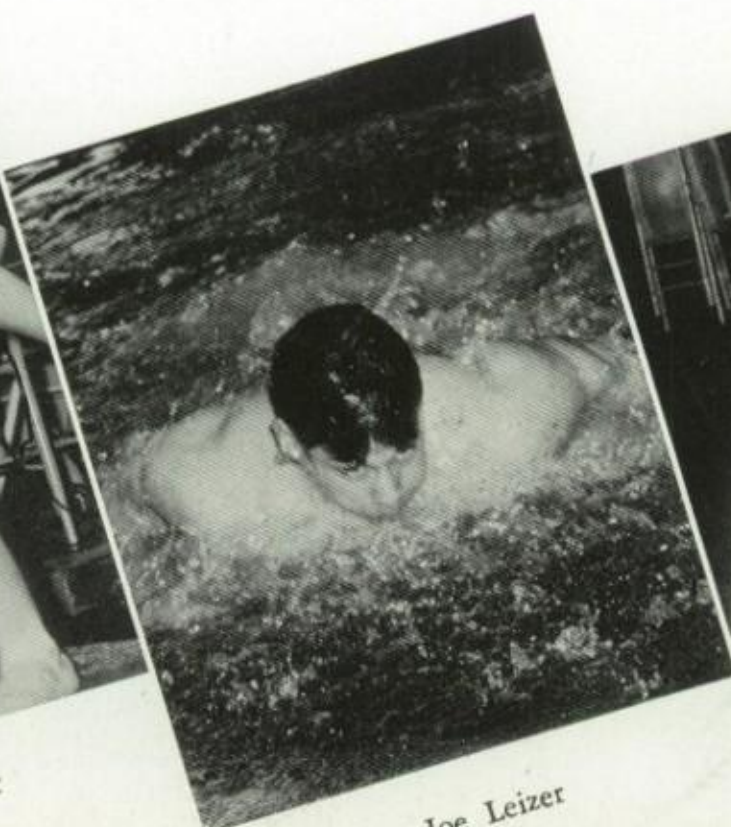

forward to next year and leaves the burden on the shoulders of returning Steve Ostroff, Tom Jacobs, and record holder Mike Ellentuck. In the sectionals Dave Schraver made finals in the 50 yard Free Style and the Medley Relay team placed third. Senior Joe Leizer leaves holding six records, among the many others set this year.

TRACK

Coach Herb Beckett feels this could be a successful year in track. With returning Tom Lacey, the city champ in the 1/2 mile, and Ed Lewis running the 220 and the hurdles we look good. We have an all around team this year. Bill Tarbell and Sam Brewer will be our pole vaulters, Pete Nardinillo and Mike Ellentuck will be throwing the shot, and Al Lobel is running the 440. With a few breaks we could raise our last years third to a first in the city meet and improve our past record.

Frank Restifo, Albany High's new tennis coach hopes to improve last years fine record of 6-3. He expects help from returning Paul Lamar, Dick Dumond, Don Kaplan and Doug Jacobs. Everyday the team will practice on Washington Park's courts and ready themselves for the up and coming "Class A" matches.

Every Monday at 3:00 P.M., a group of A.H.S. girls meet at Schade's Bowling Academy to prove that they can bowl as well as the boys. These feminine keggers roll in teams and compete for trophies. They also participate in the Christmas Tournament, the sections, and the annual Mail-O-Graph.

While the boys play tennis, the feminine side of A.H.S. plays badminton. They meet on Mondays and Wednesdays and try to develop their skill in this sport. After they have mastered the fundamentals, the girls have a tournament, with a trophy going to the winning team.

CROSS COUNTRY

The swift cross country team set a first for A.H.S. this year. They were undefeated in dual meets. Such teams as Maple Hill, Van Rensselaar, C.B.A., Columbia, and Guilderland met defeat at the hands, or rather the feet of Coach Sausville's boys. In the city meets and sectionals however, the boys did not do

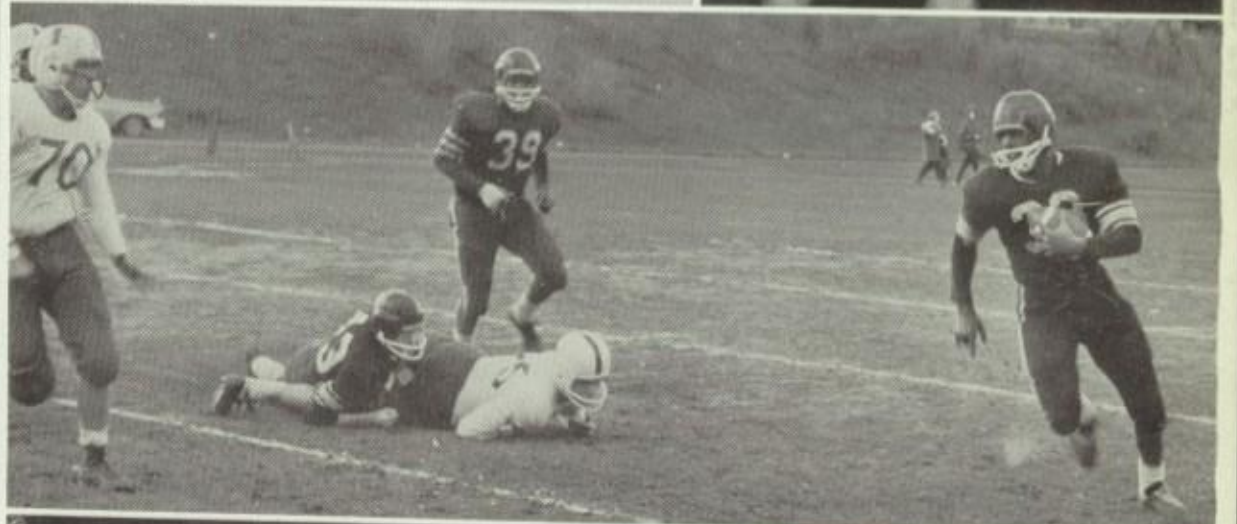

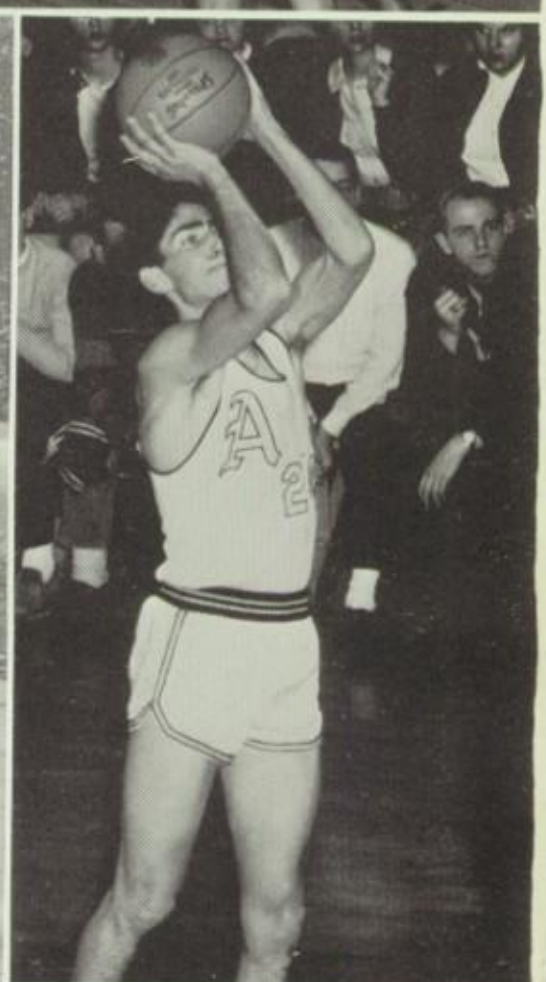

as well. Veteran Mike Bloom and Junior letterman, Howard Shulman helped greatly this year and coach looks forward to a following successful year with up and coming Myron Freibush, Bob Tinkleman, and Harry Wilson.

STUDENT COUNCIL

President Roger Lawyer contemplates a forthcoming Student Council meeting over lunch.

Among the 32 organizations at Albany High none is so unique as the Student Council. Each year this organization, which is the "voice of the students", does much to make the school life of each student more enjoyable, meaningful, and complete.

This year in an effort to train and guide future organizational officers, the Student Council instituted a leadership training program through the direct efforts of Bob Skitol and Diane Weinburg. But while much praise has been bestowed on these outstanding single efforts, we must not fail to credit that group of people whose joint efforts are the key to the success of such Student Council activities as the Blue Moon and Student's Day.

From September to June we at Albany High maintain and extend the purpose of Student Councils throughout the school and throughout the school and throughout the community—and who accomplishes this? not the organizational officers, but 1800 people that we call "the Spirit of Albany High."

Arista, the Albany High School chapter of the National Honor Society received its charter in 1956. A non-active organization in our school it was established to recognize scholastic achievement. Candidates for admittance into the society in the spring of their junior year must have an average of ninety per-cent. As a result of eleventh grade finals, eligible students are also admitted in the fall of their senior year.

Under the guiding influence of Mrs. Bessie Reiss and membership in the American Field Service the Foreign Student Exchange has provided Albany High School with a student from Costa Rica, Oscar Valverde. Besides its many fund-raising activities to bring students to our school and send our students to foreign lands, this organization has recently adopted a policy stressing more cultural aspects such as guest speakers, slides, and movies. The newest activity of the Foreign Student Exchange, however, is the local exchange which Albany High School has participated in with Bethlehem Central High School.

This year, under the expert supervision of Mr. Albert Odom, the Debate Club ensued a highly successful record, flourishing on the honor they were awarded as they swept all three divisions at Draper Hall and Johnstown. At McGill University (Canada), the varsity affirmative team, Larry Chartoff (President) and Marc Einstein, made the championship debate round and were selected as best affirmative team of the entire tournament.

FORUM

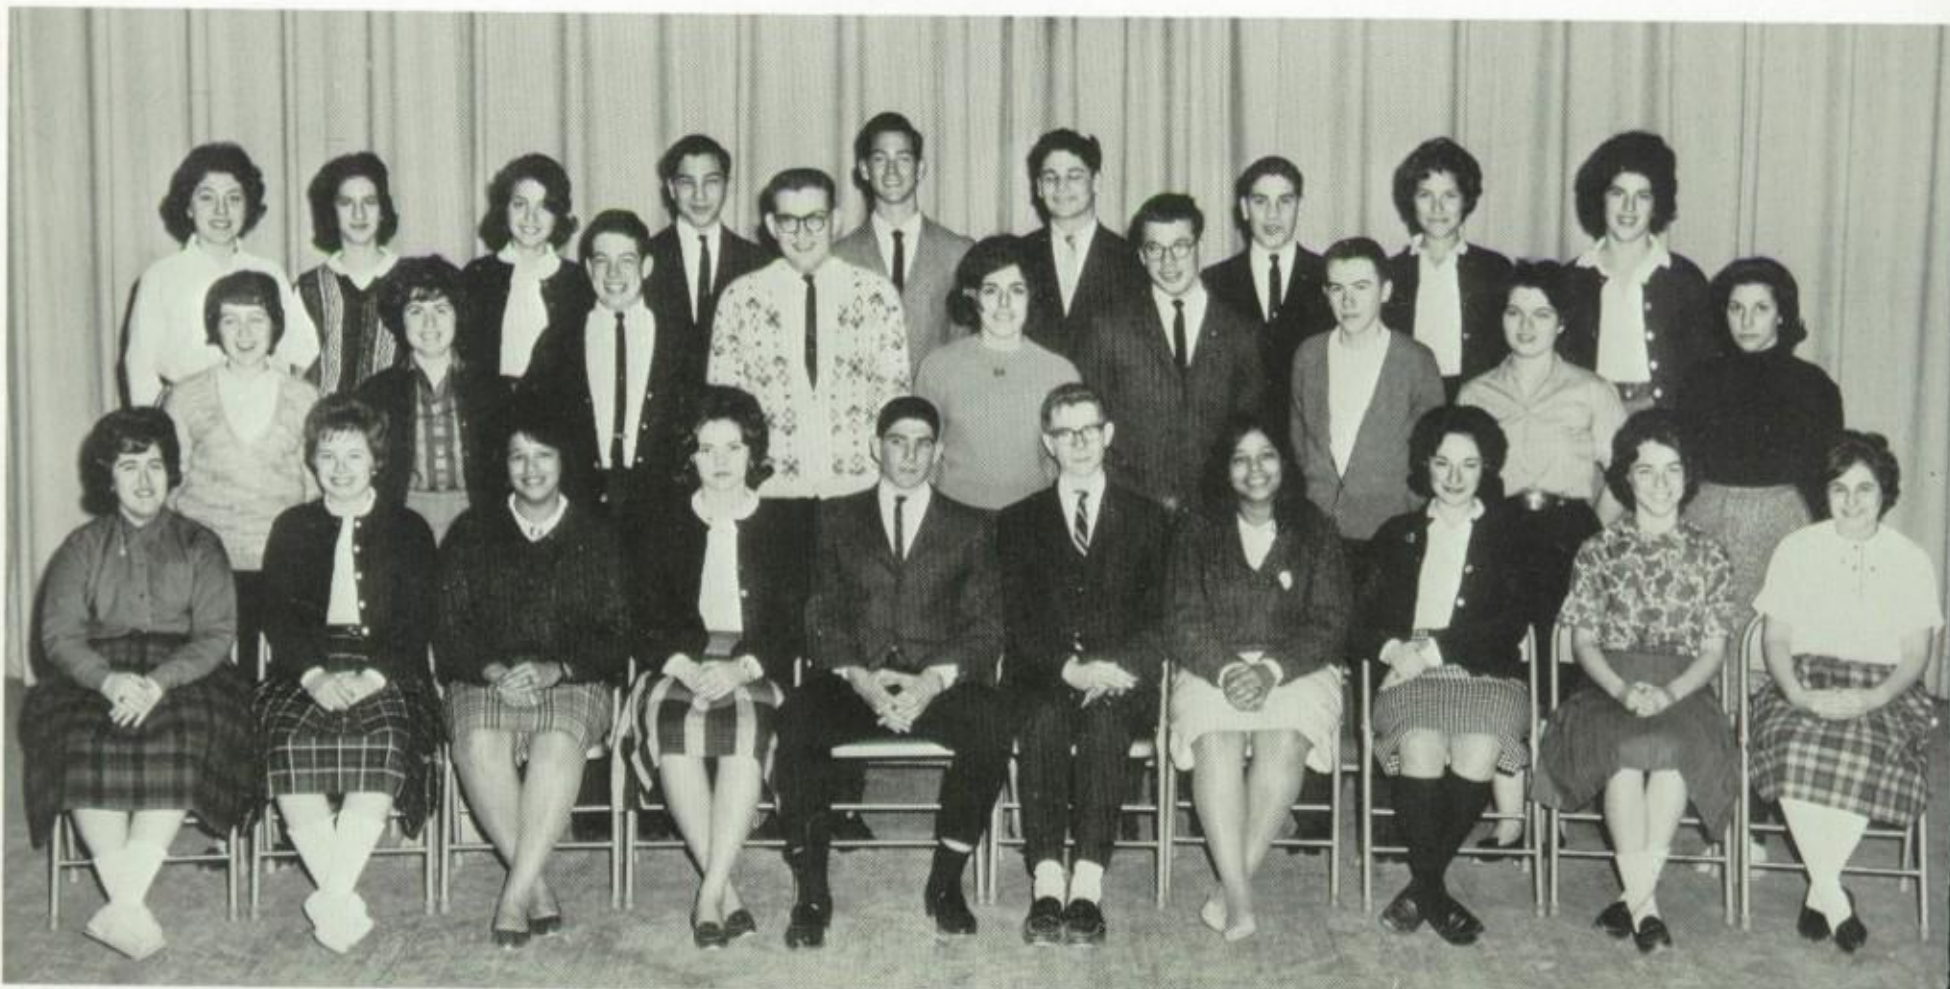

Forum members carry on political discussion even at the lunch table.

Under the fine leadership of President Robert Skitol and Program Chairman, Charles Olivier, Forum has succeeded in bringing to Albany High School students a program deserving public interest. Among the year's activities were a mock U.N. General Assembly, a project on the Civil War, and interesting discussions concerning local, state, and national government. Through these and other programs, Forum has enlightened its members in current events.

Students in Albany High School interested in chess have the opportunity to simultaneously enjoy and improve their game. The Chess Club, advised by Mr. Bischof, is meeting for the second year as an active organization of our school. Under the guidance of President Louis Schwartz, the club has proved its ability in matches with other schools. Members of the club feel that they've gained valuable experience in playing chess.

This club is for both students who wish to improve their writing skills, and those who enjoy writing. Under the guidance of Miss Louise Gunn, members of this club have won state and national recognition for both themselves and the school. Members have also contributed material to the Patroon, our school newspaper, and to this yearbook. Students of Creative Writing have served our school well with their literary talents.

The Logian officers

Francis Bacon once said, "Some books are to be tasted others to be swallowed, and some few to be chewed and digested." This year, under superbly versed critic, Paul Lamar, Philologists advanced into the most celebrated heights of modern literature as they thoroughly digested the fruits of John Steinbeck, William Golding, and Robert Frost. For humorous enlightenment, a full length discussion analyzing Shultz's comic strip, Peanuts, was presented. Then honor was bestowed upon Philologia, as its victorious intellects completely ran the annual college bowl in their 400-216 conquest over Philodoxia. Under the leadership of our semester presidents, Henry Kaufman and Marc Einstein, the members were instilled with the quest of knowledge, the building blocks of an educated mind.

The key words in the Philodoxia Literary Society this year have been exploration and discovery in the field of Man's most noble thoughts. Members delved zealously into the limitless stores of world literature, discussing the motivations, goals and contributions of most great cultures. Philodoxians chuckled with Chaucer, dreamed with Dante, philosophized with Ptah-hotep, and sang with Sophocles. Scintillating with the aura surrounding the world's greatest thinkers, Philodoxia moved to extend its enthusiasm to the budding young writers of the sophomore class by establishing the Neile Towner Memorial Literary Competition. A substantial prize was offered for the sophomore whose writing proved most promising. Philodoxia Literary Society finds this year's endeavors and accomplishments best reflected in the words of Keats: "Much have . . . (we) . . . wandered in the realms of gold . . ."

Each year Theta Sigma's literary and social projects have steadily increased. This year was no exception. Sigma's literary activities included author and book reports and literary exercises. The Faculty Tea, the Mother and Daughter Banquet, the Jack Frost, and the College Bowl victory were the highlights of 1963's activities. Under the able leadership of presidents Irene Buchman and Paulette Bohnen and advisor Miss Marion Dodds, Sigma has enjoyed a very profitable year.

Alphans do research for the College Bowl

Theta Alpha, one of the two girl's literary societies in the school provides a program of literary exercises and social functions for its members. These include a rush at the beginning of the year given with Theta Sigma for the new sophomores, the Jack Frost, for which a court is chosen from the boys and girls' societies, and an Alpha-Sigma tea for the faculty.

This year for Boys and Girls Night, an evening of literary entertainment, Alpha and Sigma competed in a college bowl. To highlight the year, Alpha's last affair is a dinner for the senior members given and paid for by the juniors and sophomores.

FOREIGN

In Albany High School there are five foreign language clubs. Open to the entire student body, these clubs give their members the opportunity to learn of the country in which the language is spoken.

The regular programs of the groups are varied. They range from playing games in which the foreign language is used, singing national songs, seeing films about foreign countries and listening to speakers who have been abroad.

The industrious staff of the 1963 GARNET & GRAY began its work long before the opening of school in September. There have been many innovations this year, prompted by the wishes of the Senior Class and the underclassmen. Among the highlights of the year's activities was the Columbia Scholastic Press Conference in October, which was attended by Marc Einstein. Lectures and discussions were held dealing with all as-

pects of yearbook planning and production.

The GARNET & GRAY has been one of the many factors which united the Senior Class in a common goal, that of producing and selling a yearbook. Since its beginning in 1914, as a monthly newspaper, and its emergence in 1925 as a class yearbook, the GARNET & GRAY has grown in value as a record of school life.

KEY CLUB

The Albany High School Key Club started this school year as a service organization in January. Among its many and varied projects have been weekly voluntary work at both the Veteran's and Albany Hospitals, a fund raising campaign at the Cerebral Palsey Telethon, and co-operation with the Red Cross, Muscular Dys-

trophy Association, National Leukemia Drive, and other such worthwhile charities and organizations. Other activities include selling soda at the basketball games, a yearly convention, and an annual banquet. Key Club has done a fine job.

Key Clubbers discuss the service projects for the coming week.

KEYETTES

Keyettes under its new advisor, Miss Esther A. Jansen, has had a very active year providing the community with services. Projects have been accomplished at the Red Cross Chapter House, Albany Tuberculosis As-

sociation, and the International Center. Gifts were sent to a home for teen-age girls as the annual Christmas project. Keyettes is an organization to be proud of at Albany High.

TRI-HI-Y

The heads of Tri Hi-Y

A well known service organization in our school is Tri-Hi-Y. President Nancy Wise and advisor Mrs. Arnold Wise have led this group in many service projects in the school and community. The girls have helped such organizations as the Community Chest, the Muscular Dystrophy Association, the Heart Association, and the Tuberculosis Association. Many of us have seen the girls selling Shakeroos at football games. During the Christmas season, they went caroling at the Guardian Angel Society and gave gifts to the Charlton School for girls. A.H.S. should be proud to have such a worth while organization.

The desire to serve one's school and community is deserving of praise. To do this, some Albany High School boys participate as members of Hi-Y, a boys' service organization. Hi-Y planned and sponsored the Senior Ball. Adding pep and merriment to the annual Foreign Student Exchange Faculty-Football Team, Basketball Game, the group cheered for their fellow members on the football team. The capable guidance of President, David Schraver and Mr. Bach, the advisor, has reaped rewards for our entire school and community.

In order to learn more about the teaching profession, prospective teachers in Albany High join the F.T.A. There they participate in field trips to colleges and other schools. Teachers speak to them on the qualities needed for good teaching. Joint meetings are held with other

schools to acquaint our future teachers with their counterparts at Milne and Schuyler. With the aid of President Judith Berenstein, Albany High School's future educators have been introduced to an inspiring profession and the road to its realization.

This year the members of the Art Club are concentrating on the portrayal of the human head and figure. Starting with Yorick, a gangling skeleton of male and female extraction, they progressed to live models, usually willing members of the club. Under the direction of Miss Smith, these budding artists learned anatomy and control as well as expression, and proceed to turn out some fine portraits.

Besides being involved in their artwork, every year the club gives a tea for the teachers where the work of all the students is displayed, and the new officers are announced. This affair, the highlight of the year, is anticipated by all.

With so much emphasis on science in the world today, the students of Albany High that endeavor to broaden their knowledge outside the science classroom are to be commended. This year the Science Society has undertaken a new program. Headed by President Daniel Baker, the club is divided into three sections: physics, chemistry, and biology. With the aid of Mr. Makely each group is developing a specific project. To further its goals Science Society holds regular seminars on Tuesday evenings.

BETA PHI

To create, maintain, and extend throughout the home, school, and community, high standards of Christian character is the main purpose of Beta Phi. A few of the services successfully accomplished through the guidance of Mrs. Sonsterud, advisor, and President Linda Sonsterud are serving dinners and parties at the Association of the Blind, participation in a mock legislative assembly, selling school stationary, and escorting children from the Albany Home to the Shrine Circus. In each of these ways, the Beta Phi girls have grown personally while helping others.

Star-Hi is a social and service group in A.H.S. It is associated with the YMCA. The club is led by President Lou Maricini, and Vice-President Elizabeth Lacy. At meetings speakers on various subjects have enlightened the organization. Its activities have been fruitful and have covered a large field, ranging from preparing dinner for needy families to swimming after the meetings. Star Hi has also helped other local service organizations such as the Association for the Blind.

Junior Red Cross

"Service to others, to our country, our community, and our school." This statement is contained in the Junior Red Cross pledge, and is the criteria by which our Red Cross Council at Albany High School functions. Under the direction of Miss Robinson, the members conduct a fund drive among students and take part in volunteer projects with the regular Red Cross.

Students of the Albany High School have played an important part in bringing the work of this vital organization to the halls of the Albany High School.

This year the music department at Albany High School has instituted a program to afford those students who are not able to be in the regular Band program, with the opportunity to assemble and play. This is the Extra-Curricular Band. We wish to congratulate it on its initial success and hope that it will have continued success in the future.

RETAILING CLUB

Students take advantage of a Retailing Club project, the school store.

The Retailing Club is one of the newer school organizations. This club, directed by President Robert Johnson and advisor, Mr. Muller, operates the school store which helps to give the members training in the business world. Besides the store, the students plan and set up window displays in the retailing room. In many ways the Retailing Club aids the entire school as well as benefiting its members.

HIGHLIGHTS

September, and our Yearbook gets underway, midst the exuberant shouts of the first pep rally. School spirit has never been so high, unless, of course, you're trying to sell a G. O.

October, with its jaunty winds and Halloween spooks. Here at the Alpha-Sigma rush Zoe Paley and Diane Weinberg play out a passionate?—love scene from a parody of Romeo and Juliet.

November, it's football, hoarse cheers and shivering in the stands. Remember the candy sale with its mad rush and aching arms—Were those bags 15 pounds or 500?

December, the holiday season with its tinsel and baby angels. AHS dresses up for one last fling before its two weeks of Silent Night.

January, and its the Boulevard after the game, all evening—if you weren't quick enough to squeeze past the policeman blocking the door.

OF THE YEAR

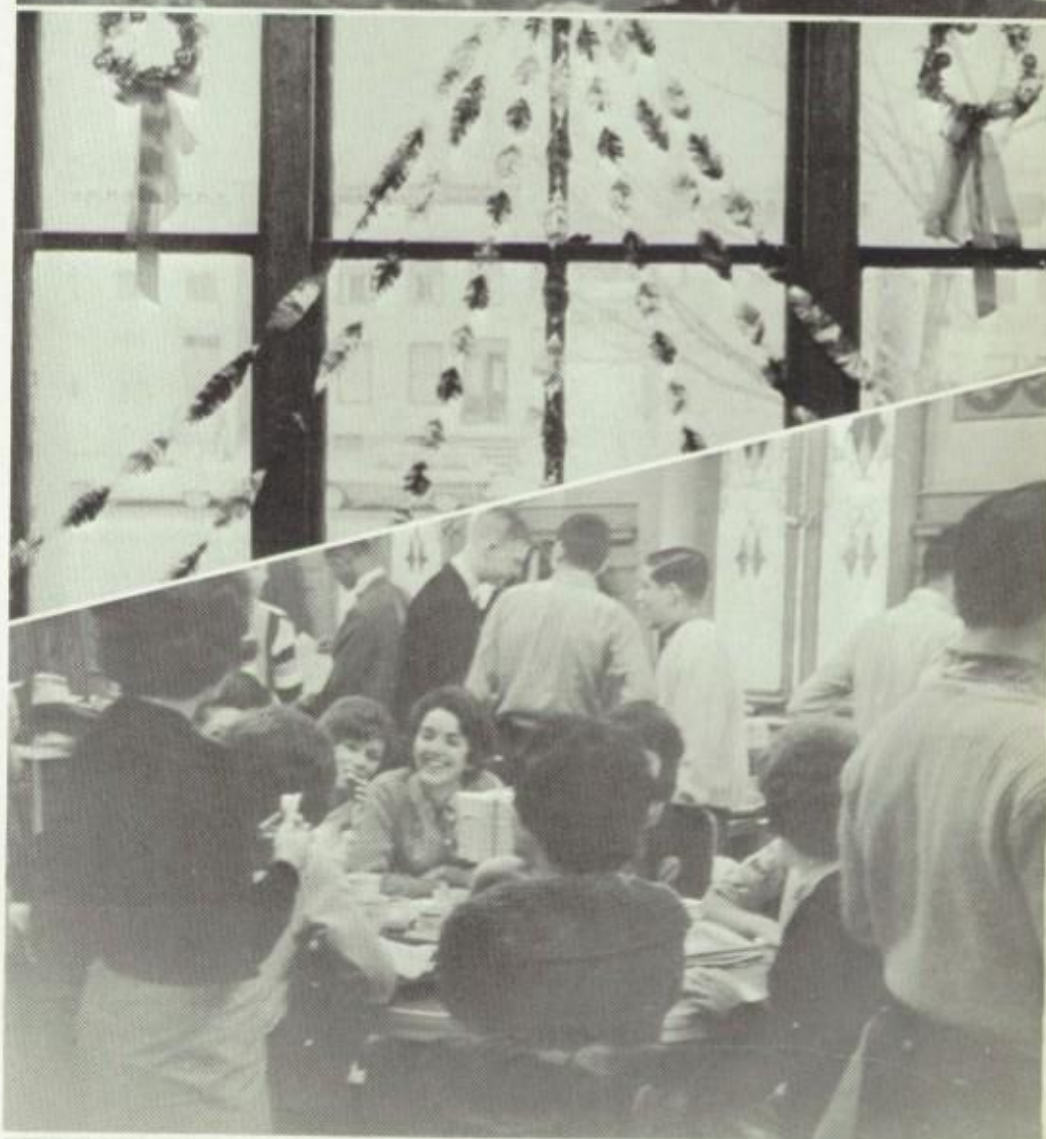

February, hearts and flowers, two long weekends—then Junior Class elections, The winners?—Ed Lewis, Charles Oliver, Nancy Griffis, and Rick Hasenbein.

March, contests and more contests, the student faculty basketball game, our Senior Essays, The Little Red School House Quiz (ahem).

April, out of hibernation, and finally April 15 the College application results. We had high hopes—some success and others—Well, there's still the five year plan.

May with it's Senior Speaking Contest and Junior Prom. Now that we can count the days somehow we wish they'd go more slowly.

June, the grand finals of a year's work—the Yearbook Publication's Banquet, and for all of us parties, picnics, the Senior Prom—with cap and gown and shaking hands at last—Graduation.

JACK FROST

On the night of December 8th the students of Albany High School whirled to the melodious music of Phil Foote and his band at their annual Jack Frost. The dance was sponsored by the four literary societies: Philologia, Philodoxia, Theta Alpha, and Theta Sigma. "Galaxie Whirl", the theme was beautifully illustrated by the silver star decor.

The highlights of the evening were the presentation of the awards by Coach Beckett to the well-deserving football players and the crowning of the King, Robert Skitol, and the Queen, Irene Buchman.

QUEEN IRENE and KING BOB.

BLUE MOON

QUEEN MARY and KING OSCAR

On March 9, the Student Council presented its annual Blue Moon Dance. This year's theme "Hearts and Flowers" was carried through by the beautiful decorations. The theme assumed a romantic meaning as the mellow tones of the Windsor Four passed through the air and many couples glided across the dimly lit floor. At ten o'clock a hushed and expectant crowd awaited the coronation. Finally, the announcement was made, and Mary Mangold and Oscar Valverde assumed their position as Queen and King.

The A.H.S. gym looked its best Saturday night, May 4, 1963 as the members of the Junior Class waltzed and Cha-Cha'd around the floor. "Aloha" was an appropriate theme for this one word has two meanings—good-by and hello. The Junior Prom was a fond farewell to the Junior year and a wonderful welcome to the coming Senior year.

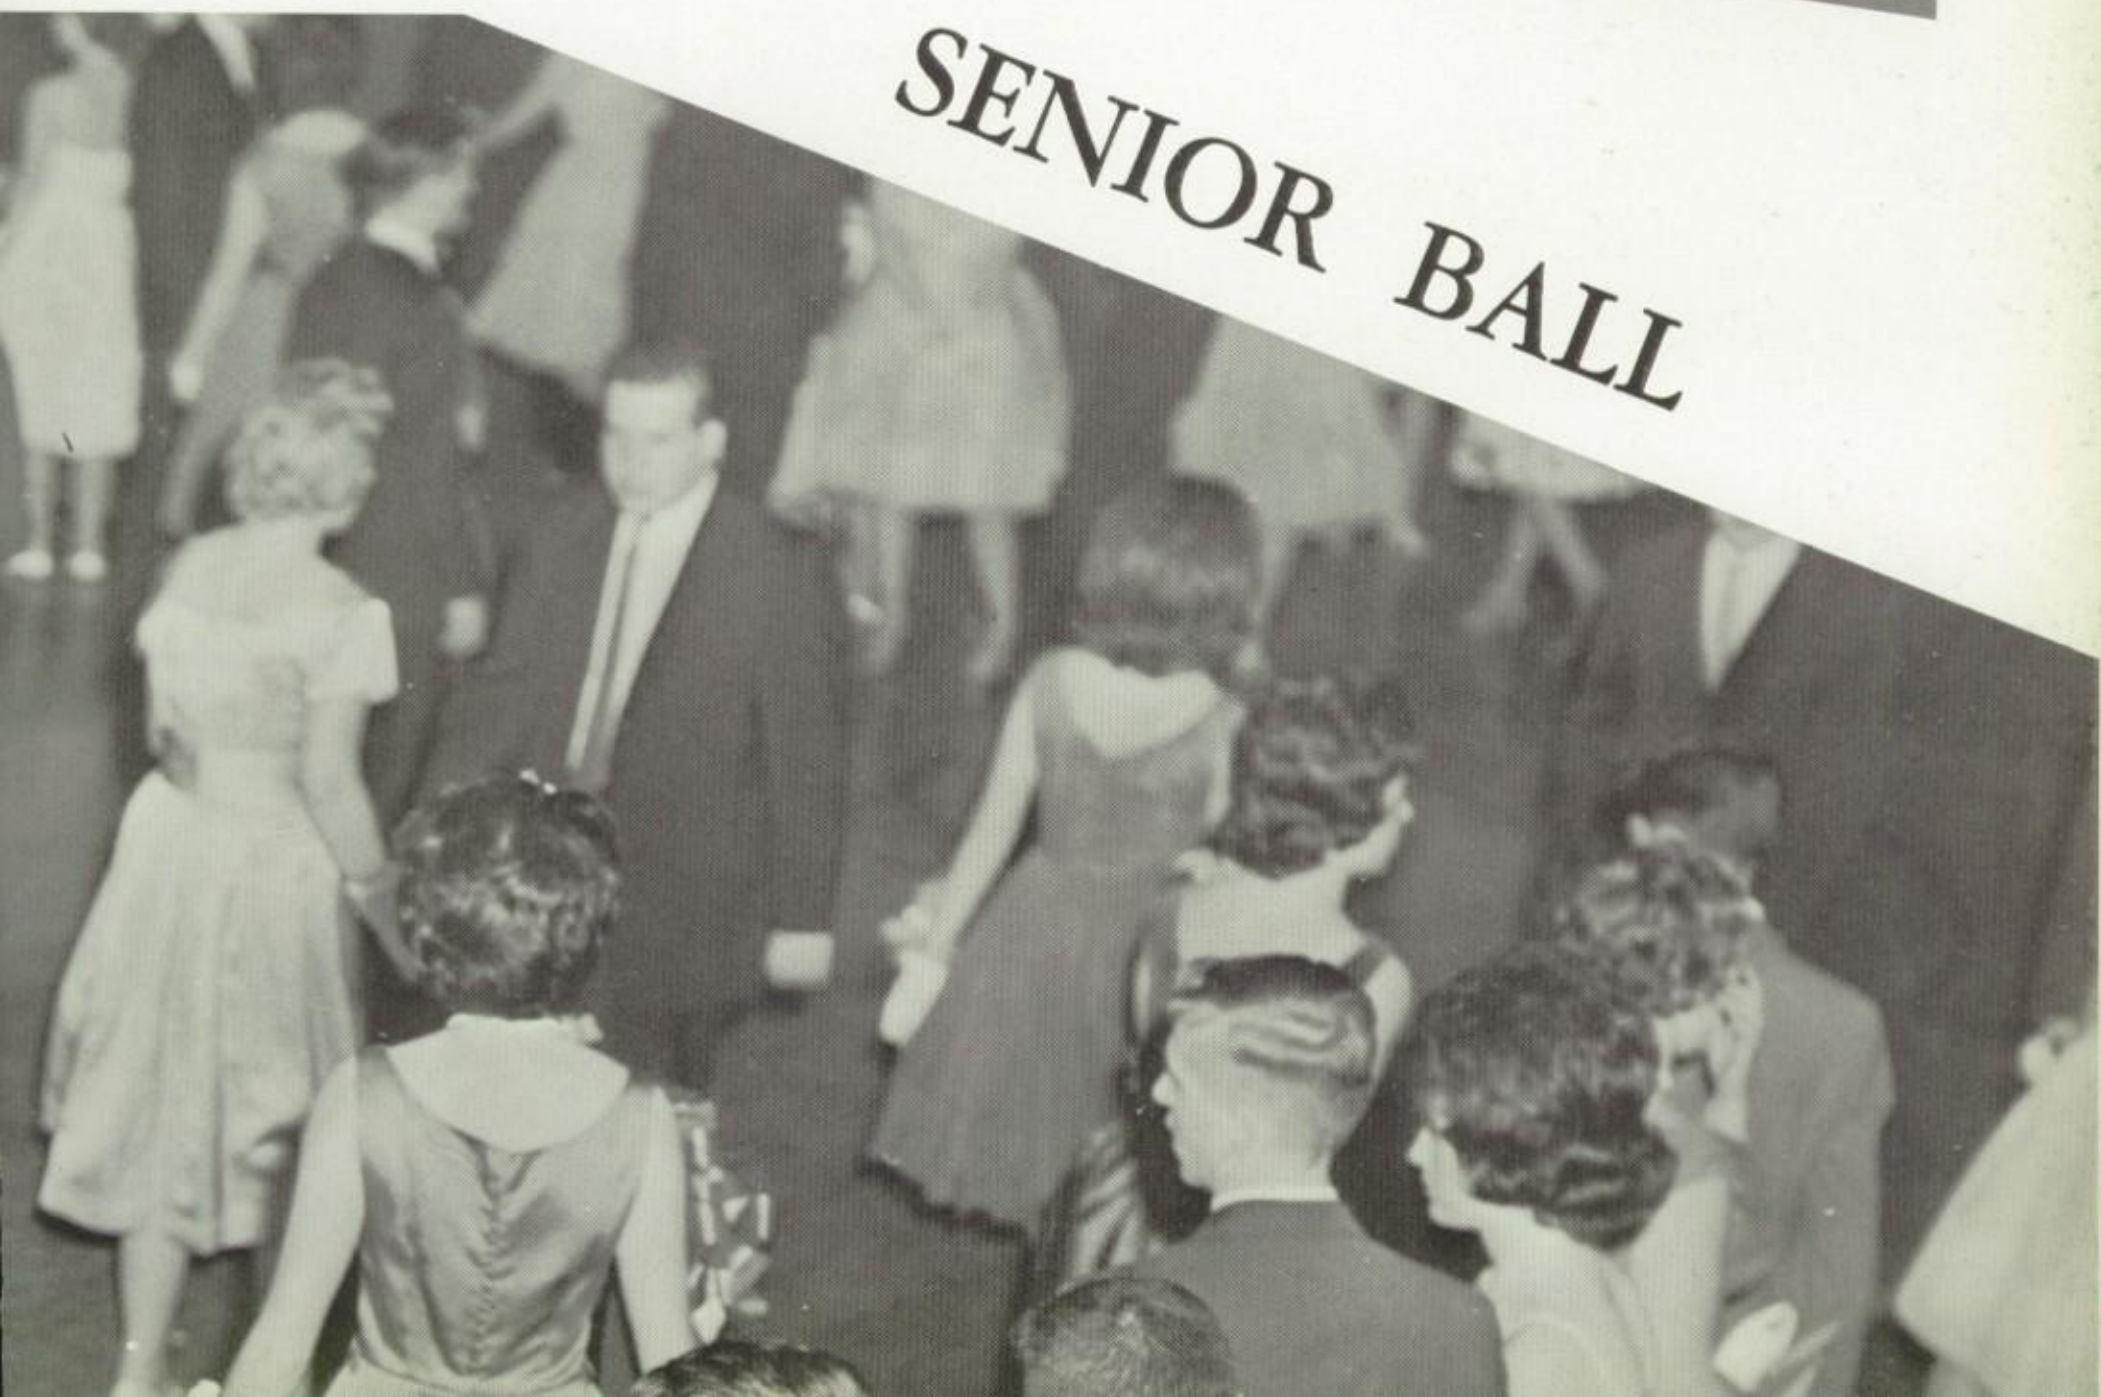

The Aurania Club was the site for the memorable Senior Ball of 1963. Hi-Y, as it does each year, sponsored the gala affair. Every aspect of the dance, including the selection of the court, was handled very carefully by this fine organization.

In many ways, the beautiful event embodied the joy not only of our senior year, but also of our entire experience at A.H.S.

BOYS' AND GIRLS' NIGHT

On March 14, 1963, on their annual Boys' and Girls' Night the four literary societies enjoyed an excellent program presented by their own members. Muriel Schoendorf began the evening on a humorous note with her rendition of an excerpt from *We Shook the Family Tree*; Paul Lamar followed with *The Treasurer's Report*; Irene Buchman gave an interpretation of *The Mad Woman of Chaillot*; and Michael Minick concluded this part of the evening with a moving piece *A Soldier I Met on the Train Said*.

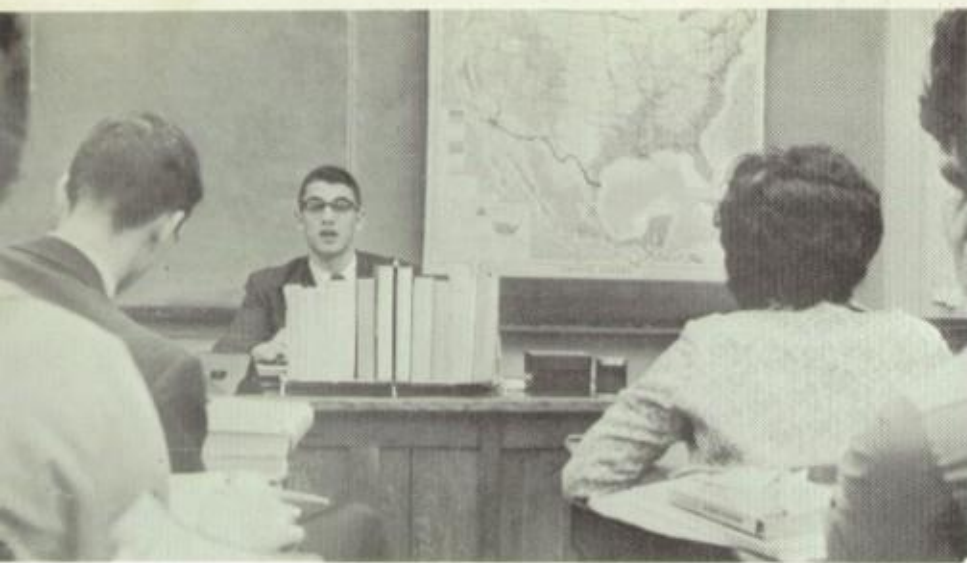

Next the girls' societies staged a literary "College Bowl". After a tense battle, Sigma won by a small margin. Alpha's team consisted of Ellen Abelson, Joan Segal, Rhoda Goldberg, and Diane Weinberg; Sigma's included Evelyn Hout, Louise Myers, Caryl Morris, and Sultana Balahtis.

The Philodoxia won the debate concerning the repeal of the 22nd Amendment taking the affirmative position. Larry Chartoff, also of Doxia, carried off the Best Speaker Award for the second time.

The moderator for the night was Ellis Pearson who kept the show going smoothly as he alternated wisecracks and serious introductions.

The evening drew to a close with each society singing its song and all four joining in on the Alma Mater.

STUDENT'S DAY

Every year in May the students arise and take over the administrative and educational duties at A.H.S. It is a friendly revolution and the positions of everyone from principal to teachers are gladly yielded to the classes' elected student-teachers. This year Roger Lawyer sat behind Mr. Lincoln's desk, while John Rourke could be seen in Mr. Ford's office and David Schrauer was in charge of the Annex. Many of the other students also held positions of responsibility throughout the school. It is a day that both gives enjoyment and lends insight into the problems encountered by the staff at Albany High.

Paul Lamar enlightens a Latin Class on the works of a distinguished author, Cicero.

Fran Paolucci proves that she is up to being a "Mrs. Wise".

Gene Buchman gives a young English professora critique.

Senior

The Senior Committees played an important part in coordinating our Senior Class activities. Without their efficient and capable leadership this year could not have been such a success.

The Senior Gift Committee with the approval of the whole class chose our gift to the school in appreciation of our three years here together.

COMMITTEES

The Announcements Committee issued invitations to our graduation exercises.

With the help of our Senior Colors Committee we chose for our class colors. On Class Day we wore ribbons in our chosen hues.

Our long awaited class rings were distributed by our Ring Committee and our class pins by the Activities Committee.

The vital direction of our Class Night Committee enabled us to enjoy fully that nostalgic eve.

Each contributed its part to make our Senior Year unforgettable.

TOAST TO THEE.

"I'd like you to meet Oscar," was a familiar refrain through the halls of Albany High School during the early weeks of the school year, as Margo Nuckols introduced our new foreign exchange student to the rest of the students. Part of Margo's senior year was spent acting as hostess to Oscar Valverde, a student from Costa Rica. In his first few days, Oscar seemed to acquire readily the habit of making new friends. His easy manner and his ready smile virtually eliminated the need for introductions on Margo's part for practically the entire student body made Oscar's acquaintance. His popularity was evident when he was crowned king of the Blue Moon in February. Of course, not all of his time was spent meeting people and having fun. He had to do homework like the rest of us. His subjects included English, Spanish, American History, and Mathematics.

We like to think that Oscar regards his many new friends as highly as we regard him. When he returned to Costa Rica after graduation, Oscar took with him the friendship, club activities and the excitement of the games. We have the memories of a warm person who will always be welcome in the halls of A.H.S.

"Frank, give me that phone!"

The Albany High Dramatics Association presented its first production on November 30 and December 1, "Cheaper by the Dozen" by Gilbert and Cary. The play concerns a family with twelve children. It takes place in the 1920's. In the cast were Paul Lamar, Joyce Wise, Bill VanVoorhis, Davis Bosworth, Earl Moyer, Cheryl Rickman, Harlin Segal, Gary Viggiano, Pat Young, Laura Erringer, Carol Gandler, Margo Nuckols, Douglas de Lisle, Linda Kinnicutt, Bill Kavanna, and Marvin Hill.

"Your brother has good timing."

"Hiya Pops!"

? WHAT EVER HAPPENED TO CHARLIE'S AUNT ?

"Mrs Beverly Smythe, meet Donna Lucia De Alvedorez."

FACULTY PLAY

Each day in the classrooms, the teachers are required to do a certain amount of acting, but on March 29th and 30th, the faculty was able to demonstrate its full performing talents in "Charley's Aunt." This light nineteenth century comedy by Brandon Thomas was received with great enthusiasm by the audiences, largely composed of the cast's pupils.

The teachers participating in the tale of two men forced to deceive their girlfriends by a hilarious ruse were Mr. Gustafson, Mr. Maxwell, Mr. Gorzynski, Mr. Weait, Mrs. Riggs, Mrs. Mahoney, Mr. Perry, Mr. Muller, Mrs. Dodt, and Gail McGrail.

Assisting them backstage were members of the Dramatics Society, and other teachers. All activity was directed by Miss Muckley and Miss Dodds.

We sincerely hope that an undertaking of this nature will be on the school calendar for next year.

"I am annoyed, but perfectly sober, madam!"

EPILOGUE

As the final deadline rapidly approaches, it is time to reminisce. I can clearly remember the exciting, eager days this past summer, when this edition of the GARNET & GRAY was born on the planning sheets, the tense, frustrating days of December, when our first deadline was met, and the anxious but weary days of March, when the closing sections were being prepared.

In a few months the fruits of our labors will be realized, and the 1963 GARNET & GRAY will make its debut to the student body of Albany High. It has been the purpose of the staff to make this a true yearbook, representing most of the past years activities.

It is our hope that in a few years—leafing through the pages of the G & G will evoke happy memories of our ALMA MATER.

To Jayce
I inscribe with a
great flourish and
also I take a lot of room to
say Good Luck and stay bubbly.

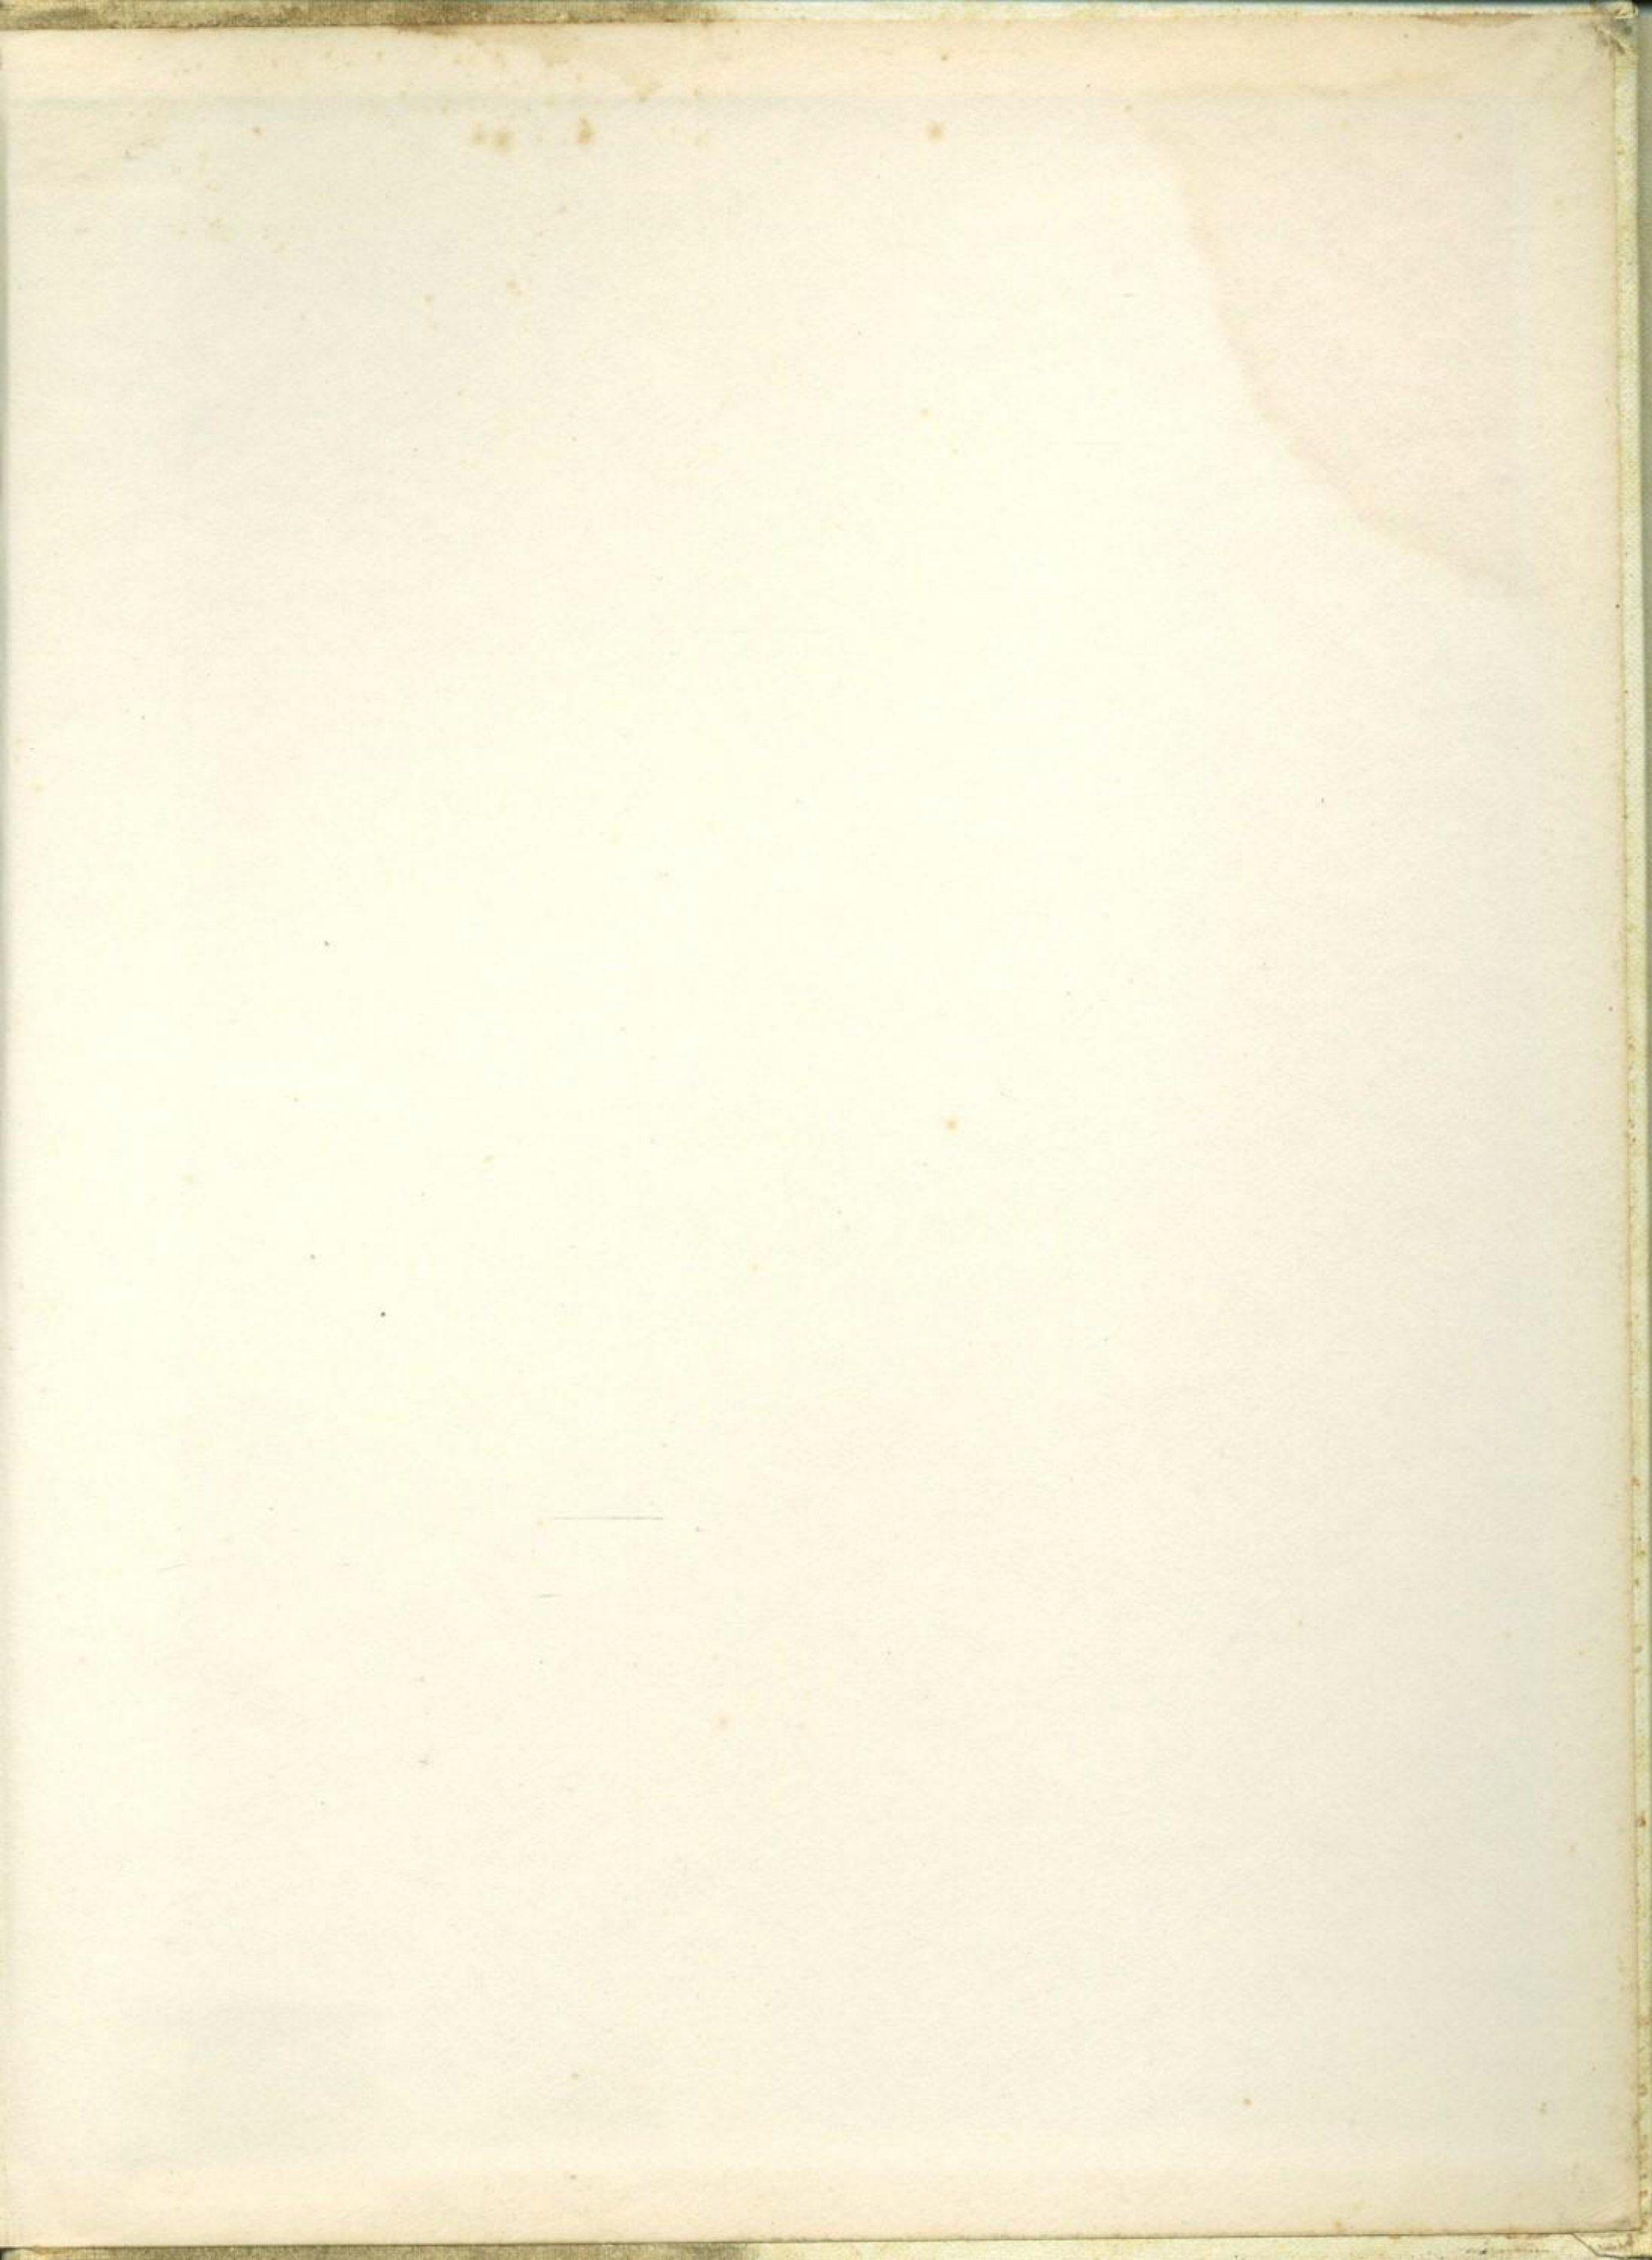

Joyce,

Best of luck & all that
pat! Have a marvelous life
but always remembers those
smoked cigarettes ~~the~~ period in
the xils room.

Love & Luck,

Jensen

Dear ~~Love~~ Joyce,
Best of luck
in all your
future endeavors,
Vivian Stern
